

Johns Hopkins Singapore International Medical Centre (JHSIMC), a member of the National Healthcare Group, provides Hopkins-quality inpatient and outpatient oncology services to local and foreign private patients in Singapore. We are the first private hospital in Singapore to be awarded the Joint Commission International Accreditation with outstanding overall performance. In view of expansion, we are now seeking suitably qualified individuals to fill the following position:

Pharmacist

You will provide a comprehensive range of pharmacy services to oncology/internal medicine inpatients and outpatients. Your responsibilities include optimizing drug therapy through drug reviews, patient counselling, teaching and provision of drug information to patients and healthcare providers. You will supervise and provide support for chemotherapy admixture preparation and ensure proper dispensing of medications and clinical trial drugs according to protocol and regulatory requirements.

Requirements

- Degree in Pharmacy and be registered with Singapore Pharmacy Board.
- 1 to 2 years experience in hospital or retail pharmacy. Those completing pre-registration training are welcome to apply.
- Pleasant and cheerful disposition with good patient relations and communication skills.
- On the job training will be provided.

Interested applicants are invited to send/fax resume to: -
