

Singapore General Hospital (SGH) is Singapore's public sector flagship hospital. Established in 1821, SGH is the nation's first and largest acute tertiary hospital and national referral centre, providing multi-disciplinary medical care. Our medical, nursing and paramedical teams work in collaboration to provide team-based quality patient care to all our patients.

We invite dynamic individuals with passion for patient care to join us as:

Pharmacist

The Job

You will provide a comprehensive range of Pharmacy services to inpatients and outpatients. General responsibilities include optimizing drug therapy through reviews, patient counselling, provision of drug information and supervising a team of staff to ensure proper dispensing of medications according to protocol and regulatory requirements, provide support to clinical drug trials and conduct research.

You have opportunities to teach and excel in specialty areas such as Infectious Disease Management, Critical Care, Aseptic Services, Therapeutic Drug monitoring and Clinical Nutritional Support.

Requirements

- Degree in Pharmacy and be registrable with the Singapore Pharmacy Board.
- Candidates with hospital, clinical and retail Pharmacy experience will be preferred.
