Welcome to **Pharmaceutical Regulatory Affairs Asia 2008**, which aims to provide the best solutions for your regulatory needs within two days! This conference is structured as over 10 mini-workshops for a comprehensively in-depth discussion of key regulatory affairs issues. Attend this meeting to hear the latest developments and updates from key regional regulators, as well as to gain insights on the most effective strategies practiced by regulatory affairs professionals. Hear, learn and adopt the best strategies used by professionals in the industry to better manage the dynamic regulatory landscapes in Asia.
