14th Asthma

Partners in care

Saturday, 28 February 2009

Welcome Address

Dear Friends and Colleagues

Welcome to our 14th Annual Asthma CME/CPE program.

This year, our program will provide you with an update in asthma management for the primary care. Our invited speaker, Prof David Price, will share with us how to achieve good asthma control in the primary care setting. We have also included topics like "paediatric asthma", "occupational asthma" and "allergic rhinitis and asthma" in this year's program.

I hope you will find this program useful in the management of your asthmatic patients.

Warm regards

A/Prof Loo Chian Min

Head & Senior Consultant
Department of Respiratory & Critical Care Medicine,
Singapore General Hospital
