

## **PHARMACIST , LOCUM PHARMACIST (full-time, part-time)**

### **Looking to building a fulfilling career with us? ...**

Pharmacists play a vital role in the healthcare system through the provision of medicine and information and are responsible for dispensing medicines to patients as well as monitoring, educating and advising patients and other healthcare professionals.

As a hospital pharmacist you will be involved in the provision of pharmaceutical care to patients in our hospital. Apart from dispensing medicine and monitoring adverse drug events, you will participate in ward rounds and apply your knowledge in pharmacotherapy to manage patients. You will review patients' drug histories and liaise with physicians, nurses and other members of the healthcare team to ensure the delivery of safe, effective and economical drug treatment. Patient management also involves monitoring every stage of medication therapy to improve all aspects of drug delivery in order to enhance the effectiveness of the drugs on the patients.

### **What you can look forward to in a career with Parkway.**

As a Pharmacist with Parkway, you will be part of our closely knitted team of highly committed pharmacy professionals who work closely with other healthcare professionals in managing the care and recovery of our patients. You can choose to pursue your career in selected disciplines as a specialist pharmacist and eventually play an important leadership role of supervising, developing and mentoring junior colleagues within the team.

### **Do you have what it takes?**

As with any healthcare professional, you should be patient-oriented, proactive, attentive and observant. In addition, you are likely to be a good team player and be able to work closely with others in the team comprising doctors, nurses and other professionals in monitoring and managing each patient's care and recovery.

### **Requirements**

To qualify as Pharmacist, you would require a Degree in Pharmacy and be registered with the Singapore Pharmacy Council. Some relevant experience is an advantage.
