

The LEO Group is fully owned and controlled by the LEO Foundation, an independent and private institution.

LEO was founded in Copenhagen, Denmark in 1908 and the company is a strong, globally oriented organisation mastering all the disciplines of a major pharmaceutical company - from the discovery and subsequent development of a new molecule to the manufacturing, marketing and sales of the finished drug. All proceeds from the LEO Group activities remain in LEO for investment in and development of LEO research-based activities.

LEO Pharma Asia Pte Ltd is the Regional Office based in Singapore and is responsible for all sales, marketing, finance and regulatory activities in 13 countries in Asia.
