| 25 Nov 17 | Pre-registration Pharmacists’ Training Programme 2017/2018 “Leadership Healthcare Financing and Pharmacist Role in Cost Management” by Ms Ang Hui Gek and Dr Doreen Tan |
| 25 Nov 17 | Continuing Pharmacy Education Session “Therapeutic Drug Monitoring” By IDSIG |
| 25 Nov 17 | Continuing Pharmacy Education Session “Beyond Dispensing: Making A Difference” In The Industry |
| 30 Nov 17 | Continuing Pharmacy Education Session “ Joint and Back Pain” by Mr Roman Lester Rosales |
| December 2017 | |
| 14 Dec 17 | Continuing Pharmacy Education Session “ Drug Hypersensitivity Reactions’ by Dr Naing Chaw Su |
| January 2018 | |
| 02 Jan 18 | 33rd Certified Pharmacy Technician Course Commenced with 3 students |
| 06 Jan 18 | Pre-registration Pharmacists’ Training Programme 2017/2018 “Pharmacists’ Role in Healthcare Industry – Clinical Trials, ILTC, Sales & Marketing & Regulatory” by Ms Lim Xiao Jing, Ms Seah Li Hwee and Ms Tracy Chean |
| 12 Jan 18 | PSS Annual Appreciation Dinner 2018 |
| 18 Jan 18 | Continuing Pharmacy Education Session “Fundamentals Of Study Design And Biostatistics – A Pharmacotherapy Preparatory And Recertification Series” by Dr Mcvin Cheen and Dr Terence Ng |
| 20 Jan 18 | Pre-registration Pharmacists’ Training Programme 2017/2018 “ Pain Management” by Dr Jane George, Dr Alethea Yee, A/Prof Lita Chew and Ms Ms Lee Hwei Khien |
| February 2018 | |
| | NIL |
| March 2018 | |
| 01 Mar 18 | Continuing Pharmacy Education Session “ Case Based Discussions on Best Pharmacological practices with TCS and in Acne” by Adjunct A/Professor Derrick Aw Chen Wee |
| 10 Mar 18 | 111th Annual General Meeting Pre-registration Pharmacists’ Training Programme 2016/2017 Closing Ceremony KKH Auditorium |

PRESIDENT'S REPORT

Dear colleagues

It is with great pleasure that I present this year's annual report. The year 2017 has been both an exciting and fruitful one for the Pharmaceutical Society of Singapore (PSS). We brought several major initiatives to fruition and embarked on new endeavours that stay true to our mission of maximising the contributions of pharmacists to the healthcare of Singaporeans.

The 111th Council was elected during the last Annual General Meeting (AGM) held on 18th March 2017 and assumed office on 1st April 2017. There were 3 new members, and the 111th Council continued to have fair representation from various pharmacy sectors to ensure a good mix and balance of insights and perspectives.

(1) New Initiatives and Committees

With advancing community pharmacy practice to enhance primary care as one of the key areas of focus for PSS, the 111th Council held a working retreat in May 2017, to devise the specific goals, measurable outcomes, and action plans. One of the key action plans is to establish practice standards and model of care for chronic disease management in the community. Much discussion and stakeholder engagement have gone into the planning and preparatory phase of this piece of ongoing work.

Two new workgroup/committee were set up in 2017. The Deprescribing Workgroup was formed in April, with the aim to promote, drive, and coordinate deprescribing efforts nationwide in order to optimise care and minimise harm from polypharmacy. The Financial Advisory Committee was set up in July, with the aim to explore and propose various investment options to optimise PSS' finances and reserves.

(2) Launches

The PSS Medication Therapy Management (MTM) Training Programme was launched during the Pharmacy Congress. The MTM training workgroup was set up in late 2016, consisting of MTM experts from the various hospitals. This training programme aims to standardise practices and build capability to enhance care provision for patients with chronic diseases in the community. The programme consists of 8 online modules and 1 workshop. To date, 4 online modules have been launched.

The year 2017 also marked the milestone where the PSS Start to S.T.O.P. (Speak To Our Pharmacists) programme was launched in April. This is a collaboration between PSS Community Chapter and the National Healthcare Group Polyclinic where patients will be referred from the polyclinics to community pharmacies for smoking cessation, increasing accessibility of care and convenience to patients.

(3) Events

PSS was invited to participate in the 'Live Healthy, Stay Happy' public education event organised by the Youth Executive Committees of various Community Clubs in the Ang Mo Kio GRC. This outreach initiative was led by the Public Education Chapter. The educational booths with information posters focusing on promoting the safe use, purchase and storage of medicines, as well as the health talk scoped to dispel common misconceptions about medication use and adherence, purchase and storage of medicines/health supplements were well received by the participants.

The 27th Singapore Pharmacy Congress was successfully held at Suntec Singapore Convention & Exhibition Centre on 23rd and 24th September 2017. We had a refreshing and impactful theme, “Innovate. Impact. Inspire.” which served as a timely message for us to constantly seek improvements in care delivery, strive to create value and impact the health of our residents, and inspire a future-ready workforce. The organising committee crafted an exciting and comprehensive programme that was well-received and became food for thought for many delegates.

The Pharmacy Week 2017 committee organised yet another successful health fair “Befriend Your Pharmacist @ South West” in collaboration with South West Community Development Council (SWCDC), National University of Singapore Pharmaceutical Society (NUSPS), and Temasek Polytechnic. Using the final subtheme of the "Just Ask!" trilogy, we advocated to the public to proactively seek pharmacists for health advice and that pharmacists are well positioned to partner them to manage their health the Safe and Right way. The event was well received with a turn-out of about 800 participants, and covered by Lianhe Zaobao.

(4) Highlights of Chapter Activities

Following the official launch at the Congress in 2016, the Community Chapter continued to launch another 6 modules for the PSS Practice Guide for Minor Ailments which serve as online resources to equip pharmacists with the latest evidence-based guidelines in their area of work and to provide a practice standard for uniformity of care. The Chapter continued to work closely with the Health Sciences Authority to facilitate reclassification of medicines by developing patient information leaflets (PILs) for pharmacists to supply upon dispensing of reclassified “Prescription Only Medicines with exemptions for supply without prescription” medicines to ensure appropriate medicine use and patient safety. We also worked with HealthHub to standardise template for PIL nationwide.

The Hospital Chapter continued to provide value-added service by summarising articles in Pharmacist’s Letter into useful and succinct snippets published on the PSS e-bulletin. A new online case study on Community Acquired Pneumonia was also published, made complimentary to all PSS members.

The Industry Chapter did an excellent job of engaging more industry pharmacists to be part of PSS. They continued to hold useful sharing sessions focusing on career opportunities in the sector of industry and regulatory pharmacy.

The Young Pharmacists Chapter organised several activities, including the annual sports day which brought pharmacists from different institutions and sectors together to bond over outdoor activities, as well as the PSS Appreciation Dinner for all the volunteers.

The year 2017 was an eventful one for the PSS ILTC Pharmacists Workgroup as they continued to drive the agenda of safe medication use in the ILTC sector. Some milestones included completion of the Peer Review ILTC Pharmacist Training Forms, initiation of a Continuing Education programme as a platform for sharing of experiences and best practises, as well as development of a comprehensive therapeutic drug monitoring guideline specific for the ILTC setting.

The Public Education Chapter published a number of articles and infographs to promote awareness on the safe use of medicines and complementary medicines, including safe disposal of medicines, safe use of traditional Chinese medicines, and appropriate use of medicines in children.

I have shared some of the highlights of the year but there are many more activities not detailed here. All our chapters, committees, PSS representation in national committees as well as international affiliations have worked tirelessly to advance the profession and improve care. Please do take time to read this annual report to learn more about our activities.

Last but not least, I would like to thank the PSS Fellows and Mentors for all the advice and guidance; my fellow 111th Council members for the camaraderie and teamwork, selfless contributions of time, many late nights, and efforts spent on steering the PSS ship; all our volunteers for their determination and dedication in driving our programmes and activities; PSS secretariat for the excellent work in running the office; pharmacy managers and heads of department for their unwavering support for our programmes; and importantly our members whom we exist for.

I am privileged to be able to work with many inspiring seniors who are ever so willing to guide and provide wise advice, and passionate pharmacists who work relentlessly for a common goal. Let us continue to work together as one, standing united through adversity to advance the profession. Together, we scale greater heights.

Ms Ng Hong Yen
President
111th Council
Pharmaceutical Society of Singapore

COMMUNITY CHAPTER

| | | |

| Advisors | : | Ms Ng Hong Yen A/Prof Teng Bee Choon, Christine |

Missions:

1. *To establish the professional practice of community pharmacists*
2. *To improve health outcomes for patients by increasing access to preventive care by community pharmacists in the management of minor ailments, as well as chronic conditions*
3. *To enhance and promote the role of community pharmacists as the trusted and accessible healthcare professional of choice, fostering collaborative care to promote health*

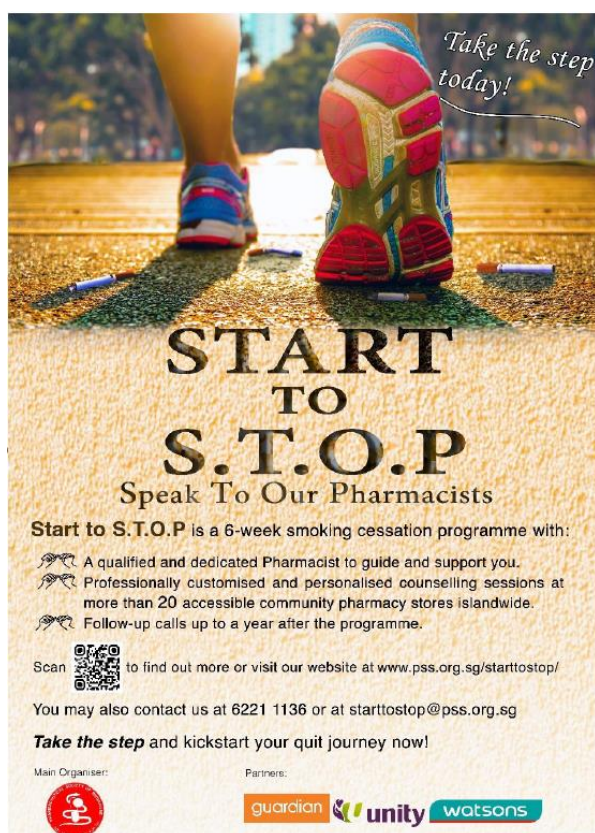

1. "Start to S.T.O.P" Programme

"Start to S.T.O.P." (Speak To Our Pharmacists) is a collaborative smoking cessation programme championed by the PSS Community Chapter and National Health Group Polyclinics (NHGP). The nationwide effort by community pharmacy chains Guardian, Unity and Watsons aims to help clients quit smoking and improve their health. It was officially launched on 1st August 2017.

It is a six-week counselling programme where qualified pharmacists will design a personalized quit plan, provide emotional support during the quit journey and offer valuable advice or tips to prevent a relapse. Interested clients may walk in to participating community pharmacies to enrol. Alternatively, eligible clients from National Healthcare Group (NHG) polyclinics and Singapore General Hospital (SGH) may be referred to enrol into the Start to S.T.O.P. programme. This programme is a good start towards building more collaborative models of care between public institutions and community pharmacies.

This programme aims to increase accessibility and availability of professional help for people to quit smoking as they can choose their own preferred timing and location. It also allowed participants to have dedicated consultation time with the Pharmacist. With the introduction of the "Start to S.T.O.P" we hope that it will encourage more people to quit smoking and improve smoking cessation rates.

Since its launch, we had received 9 referrals from NHGP and 4 walk-in clients in total, which 2 of them have completed the six-week programme and had quitted successfully.

3. PSS Community Chapter Facebook Page

The PSS Community Chapter Facebook Page was launched on 11th June 2013, with the following objectives:

- To enhance communication with fellow community pharmacists
- To promote awareness of the role and value of community pharmacists
- To share health/pharmacy-related news or articles relevant to our daily practice

The number of people who liked the page has increased steadily since its inception. To date, we have accumulated a total of 804 page likes as of 28th October 2017, which is about 13% increase in the past 10 months.

The use of social media is instrumental in connecting community pharmacists and acts as a platform to share good practices among community pharmacists.

<https://www.facebook.com/PharmaceuticalSocietyOfSingaporeCommunityChapter/>

4. Reclassification of Medicines

The chapter worked closely with the Health Sciences Authority (H.S.A.) in the reclassification of medicines. To ensure patient safety and appropriate medicine use in the community, the PSS Community Chapter had been developing patient information leaflets (PILs) for pharmacists to supply upon dispensing of Prescription Only Medicines (POMs) with exemptions for supply without prescription. These PILs were made available on the HSA website. Pharmacists are encouraged to provide the PILs to the patients upon recommendation and dispensing of these reclassified items.

Moving forward, PSS Community Chapter will continue to engage H.S.A. to propose for the reclassification of more prescription medicines which are appropriate for self-medication under the care and direction of community pharmacists.

For the full list of Updates on Reclassified Medicines, visit this link:

http://www.hsa.gov.sg/content/hsa/en/Health_Products_Regulation/Western_Medicines/Reclassified_Medicines/Reclassified_Medicine_Updates.html

For the full list of PSS PILs, visit this link:

5. Community Pharmacy Health Champion Programme (CPHCP)

The Community Pharmacy Health Champion Programme (CPHCP), formerly known as Pharmacist Health Ambassador Programme (PHAP), was commenced in October 2006.

The programme serves as a platform for community pharmacists to reach out to the general public. The aim is to allow pharmacists to share their knowledge and empower people to manage their chronic ailments, such as high blood pressure, diabetes and high blood cholesterol. Assisting the community in smoking cessation is also a major goal for the pharmacists in this programme

From September 2016 to August 2017, a total of 33 community pharmacists participated in this programme. 610 patients were counselled and 1507 follow-up reviews rendered.

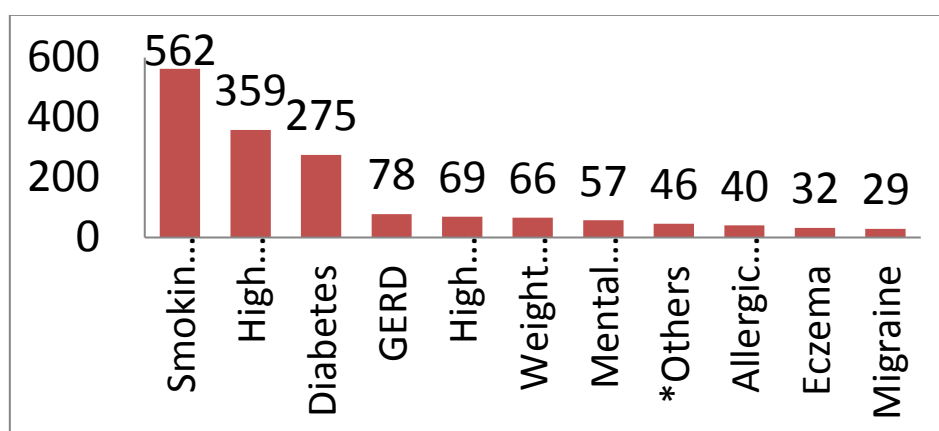

Figure 1. Incidences of patient follow-ups related to types of chronic conditions

38.35% of the follow-ups led to improved outcomes for patient while 36.16% of the follow-ups maintained in good condition. A total of 73.6% reported a positive outcome during follow-up reviews.

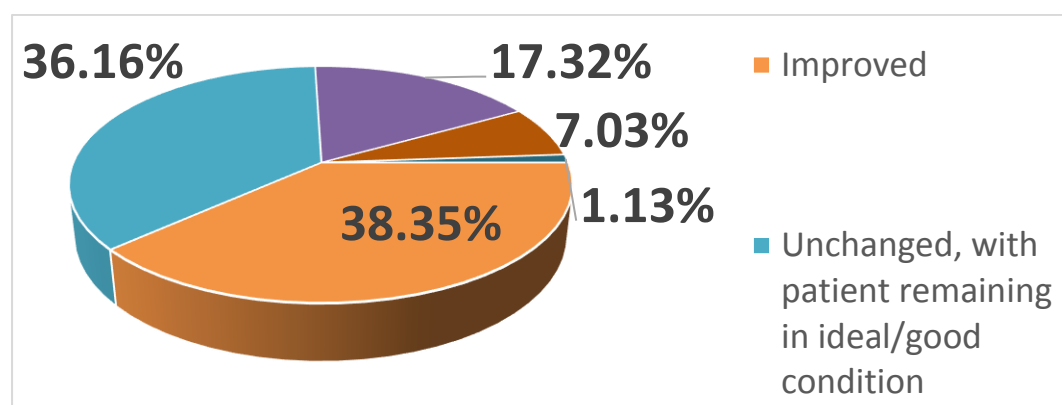

Figure 2. Patient-related outcomes resulting from counselling by community pharmacist under CPHCP

*Others include Asthma, Pain, Heart & Vascular Diseases, Osteoporosis, Irritable Bowel Syndrome, Gastric Ulcer, and Hypothyroidism.

To appreciate the efforts of community pharmacists who have actively participated in the programme, the top ten contributors were officially recognised during the Opening Ceremony of the 27th Singapore Pharmacy Congress.

FINANCIAL ADVISORY COMMITTEE

Members : Ms Thum Chui Mei, Miko
Ms Ng Hong Yen
Mr Lim Mun Moon
Mr Kok Zhi Wei
Mr Ng Cheng Tiang
Mr Png Yong Koh
Mr Goh Ann Chuan, Raymond

Secretariat : Ms Yong Pei Chean

This committee is set up at Jul 2017 comprising of PSS members with experience in financial or property investments and representatives from PSS council. The term of reference for this committee is to advise and put up financial portfolio recommendations to Pharmaceutical Society of Singapore (PSS) Council for their consideration, with the aim to increase the society's reserve.

In addition, PSS is informed that by August 2018, their office rental at Alumni Building will be doubled and this may not be a feasible expenditure for the society to bear in the long term. Henceforth, PSS council requested the committee to propose leasing alternatives that are more economical and sustainable for the society in the long run.

The committee had 3 meetings thus far and has explored a few properties in central region like Centrum and Regency Suite including evaluating a REIT investment proposal. The committee through secretariat has put up a proposal to Council in November 2017 for decision to purchase a freehold or 999 years property. However in the simulated financial statement with an estimated loan pay-outs for 20 years, the properties suggested are too costly and will result in PSS running into deficit in the last 4 or 5 years of loan period, assuming PSS income stays constant based on current trend. With the information, PSS council requested for the committee to limit our property purchase price within 1.6 million and to look beyond off central region such as Paya Lebar or Eunos areas.

The committee will follow up the abovementioned decisions by Council and hopefully update with a second proposal before the end of this financial year.

Lastly, on behalf of PSS council, I would like to convey sincere appreciation to the committee members who have spent their valuable time attending evening meetings as well as going to several places to receive a suitable place for PSS.

Reported by: Ms Yong Pei Chean

HOSPITAL CHAPTER

| | | |
|----------------|---|---|
| Ex Officio | : | Ms Irene Quay Siew Ching Dr Vivianne Shih Lee Chuen |
| Chairperson | : | Ms Peh Zi Xin |
| Co-chairperson | : | Ms Chen Yufei |
| Members | : | Ms Anthea Lee Ms Joyce Tan Zhenyin Ms Mendy Ong Wai Ming Ms Ong Chun Yan Ms Tan Sock Hoon |

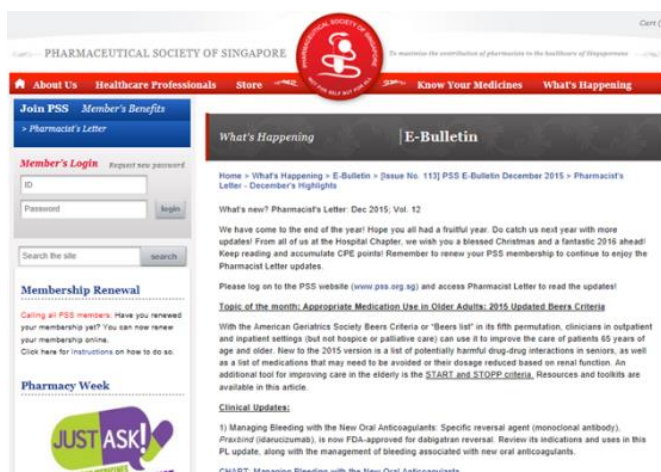

Missions:

1. *The committee is to serve in the best interest of hospital pharmacists*
2. *The committee serves to build rapport among hospital pharmacists through networking and other activities*
3. *To initiate and maintain special interest groups that serve as a platform where hospital pharmacists can interact and grow professionally*

Objective of chapter

The chapter serves the best interests of hospital pharmacists as well as to build rapport among them through networking. It also aims to encourage sharing of clinical knowledge and updates between pharmacists from different hospitals. The chapter also aims to provide a platform for pharmacists from different institutions to share Best Practices and ideas for improvement projects.

What we have done

During the course of 2017, the hospital chapter has been proactive in several initiatives while maintaining our portfolios.

Our chapter members are involved in summarizing the contents of Pharmacist letter subscriptions and publishing the write-up on the PSS website. This bulletin serves the purpose of delivering concise snippets of pertinent clinical updates to pharmacists. Pharmacists with busy schedules can still gain from the updates without reading the entire article.

“In The Spotlight” is an initiative by PSS to feature pharmacists who have excelled in their area of practice and have been role models for fellow pharmacists. In the year 2017, we featured one outstanding pharmacist who has a passion and practices in both traditional Chinese medicine and western medicine. In the series of interview questions posted to the candidate, we hope to have a glimpse of the pharmacist’s experience and hope that his/her professional journey would encourage and inspire the younger generation of hospital pharmacists.

Upcoming projects

Moving forward, Hospital chapter would be more involved in sharing clinical update bulletins. The Chapter members would identify topic of interests or specialties with new body of evidence and highlight key clinical updates to share with members.

We are also looking to organize CPE events pertaining to clinical practice and research that is relevant to pharmacists of all levels; for example critical appraisal of medical journal articles.

As many hospitals have started to place emphasis on improvement of clinical services and internal processes, Hospital chapter hopes to be platform for different hospitals to share ideas on improvement projects. This sharing of project ideas and outcomes would benefit institutions embarking on similar projects and the pioneer in the field might be able to share the challenges and solutions tested.

Objective:

1. Represent the views and interest of pharmacists working in the pharmaceutical industry and to provide them with opportunities for continuing education in their related fields

Mission 2017/2018:

1. To bring all pharmacists working in the industry back to a home where they can have a place to interact with fellow pharmacists, to share experience or just to meet old and new friends.
2. To create opportunities for pharmacists working in different sectors to meet and understand what each other do.

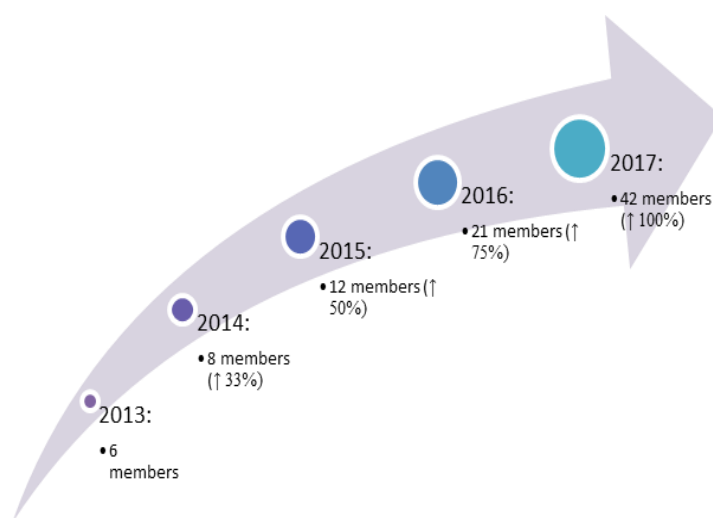

Summary of 2017/18 activities:

No. Plan

- 1
 - Engage current PSS members who are in the industry but not in the chapter:
 - a) A personalized email was sent to these members to inform them of industry chapter activities and inviting them to be part of the chapter.
- 2
 - Recruitment drive:
 - a) Engage existing industry pharmacists who are not PSS members, encourage them to be members (A total of 21 members recruited)

- 3
 - Increase awareness, build the brand of Industry chapter:
 - a) Engage our partners NUS Pharmacy Department, HSA, SAPI and Medical Alumni. Introduce the chapter to our partners.
 - b) Engage students and expose them to the chapter meetings. Allow the students to network with the seniors in the industry.
 - c) Engage NUS Pharmaceutical Society.
- 4
 - Build relationship with other chapters:
 - a) Co-hosting of PSS appreciation dinner/New year party with Young Pharmacist Chapter

2017 was a bumper year where the chapter saw a **doubling** of both new members and active members. Our bi-monthly meetings had a strong attendance of industry pharmacists and the chapter had many fruitful and strategic discussions that will help steer the chapter forward. This was the first year, we opened our meetings to have a significant number of Pre-Employment Clinical Training (PECT) students who observed and provided insights. We also had the pleasure of senior members from the industry gracing our meetings and providing invaluable inputs and insights to the directions of the chapter.

The chapter organized a total of three talks. Two of the sessions were focused on creating awareness of career opportunities for pharmacists in the industry and one of the session was a Continuous Professional Education talk on Biologics, in collaboration with industry leaders. All the talks were well attended and well received by the participants.

Our monthly meetings!

21 April 2017 - Career talk in collaboration with Real Staffing

AN INDUSTRY CALLING: THE EXCITING CAREER CHOICE!!

A CPE Brought to You By:

**PSS Industry
Chapter & Real
Staffing**

Registration Details

For Registration,
Please contact PSS at

beyond your usual comfort zone!*

| Time | Program | Speaker |
|-------------|---|---|
| 0930 – 1000 | Resume Writing & Interview Skills | Patrick Brown is Associate Director for Barrington James Singapore and heads our regional Contract Division. He previously worked in the London, UK as a Recruitment Manager for 4 years before relocating to Singapore 2 years ago |
| 1000 – 1030 | Pharmaceutical Industry Overview & Career Options | Clement Chew is Regional Recruitment Manager for Barrington James Singapore and has been recruiting for the pharmaceutical & life science industry since 2009. The team at Barrington James focuses on recruitment in areas such as Regulatory Affairs, Pharmacovigilance, Quality, Medical Affairs, Clinical Research, Market Access, HEOR, Sales & Marketing and R&D. |
| 1030 – 1100 | Insights into Regulatory Affairs | Lim Kai Kiong is a Singapore registered pharmacist and currently is the head of regulatory affairs at Johnson and Johnson. He is also a Council member, 11th Pharmaceutical Society of Singapore Council and Ex-Officio for the Industry Chapter. He is skilled in pharmaceuticals, consumer products, cosmetics, medical devices, and is a strong people manager. |
| 1100-1130 | Insights into Sales & Marketing | Martin Guo is a registered pharmacist currently working as a Marketing Senior Analyst in MSD International GmbH (Asia Pacific Headquarter). Having the brief exposure in research and regulatory functions, he moved on to the commercial piece where he started as a Sales representative for Diabetes. He was nominated as Top Rep of The Year in 2016 for Diabetes Franchise and was then appointed as Sales and Marketing Executive for Diversified Brand Franchise. He is an active member of PSS Industry Chapter and is passionate in speaking and inspiring pharmacists who are looking to develop a career in the industry. |
| 1130-1230 | Q&A Lunch will be provided | |

PSS-ICM Industry Pharmacist of the Year award 2017

2017 was a wonderful year for Industry chapter, with one of our chapter members, Mr Png Yong Koh, Vice President from DCH Auriga (Formerly LF Asia) being awarded the ICM-PSS Industry Pharmacist of the year award for his contribution to the profession.

Coming Up

For 2018, our main thrust will be to continue to focus on reaching out to industry pharmacists to bring them back into the Society as well as the chapter. There will be more networking sessions, industry related career talks, in depth subject CPE sessions relevant to industry pharmacists (e.g. Regulatory, Quality and Marketing), as well as our continued collaboration with the pharma industry for more specialized CPE talks e.g. advancement in biologics, Cell, Genes and Tissue Therapy.

There will also be two main projects that we will like to embark on in 2018

- 1) Leadership and mentorship program for young pharmacist
- 2) Partnering with SAPI Regulatory Affairs Committee and HSA on the electronic product Insert (ePI) Project.

Reported by: Mr Lim Kai Kiong

PUBLIC EDUCATION CHAPTER

| | | |
|------------------|---|--|
| Ex-officios | : | A/Prof Teng Bee Choon, Christine Mr Gerald Lim |
| Chairperson | : | Mr Roman Lester Rosales |
| Vice-Chairperson | : | Ms Ganeswari Apparow |
| Members | : | Mr Brandon Chua Ms Cai Ziqin Ms Chong Mui Fong Mr Franky Mr Joshua Wong Ms June Koh Mr Kim Ji Heon Ms Lim Kae Shin Ms May Lim Mr Roy Khoo Ms Soh Jia Shing Ms Teng Wei Ting |

Missions:

1. *Empower members of the public with appropriate information to be better informed about their own health management*
2. *Establish pharmacists' role in public health promotion including promotion of health awareness and well-being, disease prevention and identification of ill health*
3. *Promote and encourage the public to practice safe and effective self-care in the area of self-medication for minor ailments and playing an active role in the management of chronic diseases*
4. *Organize events and other nation-wide pharmacy campaigns to promote the above goals*

Activities

1. Public Education Event

On 8 April 2017, the Public Education Chapter, participated in the 'Live Healthy, Stay Happy' event held at the Ang Mo Kio Central Stage. The chapter, with its volunteers, set up a booth with information posters focusing on promoting the safe use, purchase and storage of medicines. The volunteers also conducted simple games and gave out goodies to the participants. A health talk was also given on common misconceptions about medication use and adherence, purchase and storage of medicines/health supplements.

2. Public Education Articles

In 2017, the Public Education Chapter published a number of articles and infographics to promote awareness on the safe use of medicines as well as complementary medicines. These articles include:

- Safe Disposal of Medicines
- Safe Use of Traditional Chinese Medicines (TCM)
- Doc, Can I take TCM for my Cancer?
- A Parent's Worst Nightmare: Medication Overdose
- Use of Cough and Cold Medicines in Young Children

3. PSS on Social Media

A Facebook page and an Instagram account for the Pharmaceutical Society of Singapore were created in 2016. In 2017, we continued to use the platform to increase engagement of not just PSS members but also the public. The Facebook page (also used by the Pharmacy Week committee) currently has 1347 likes and 1352 followers (a 60% increase from 2016) and has a post reach of an average 1000 people per week. The Instagram account (@pss.knowyourmedicines) currently has 304 followers (compared to 21 followers at the beginning of 2017). Posts related to public education (e.g. newspaper articles, infographics, etc.) are regularly uploaded onto both social media pages to promote active engagement and widen reach.

4. PSS PILs Update for HSA

The Public Education Chapter, together with the Community Chapter, were actively involved in the updating and vetting of PSS PILs for the newly reclassified medicines by Health Sciences Authority (HSA).

5. World Antibiotic Awareness Week

The World Antibiotic Awareness Week was held on 13 - 19 November 2017. With the aim to promote the safe and appropriate use of antibiotics, the chapter re-published an article on antibiotic use on the 'PSS Know Your Medicines' Website and re-posted an infographic on the PSS Facebook page. The post garnered 7 likes, 12 shares and a reach of 1702 people!

6. Collaboration with HPB

The chapter also collaborated with the Health Promotion Board (HPB) on developing a set of educational slides on 'Know Your Medicines – Medication Safety Tips for Seniors'. The set of presentation slides prepared by chapter members will be presented to seniors who sign up for HPB's wellness programmes (with the community health posts by HPB) by their appointed paramedical personnel. Other than medication safety tips, the slides also encouraged the seniors to seek help from community pharmacists if they have questions about their medications and disease conditions.

PROFESSIONAL EDUCATION CHAPTER CONTINUING PHARMACY EDUCATION COMMITTEE

Ex-officios : Ms Tiah Hui Xian
Ms Yong Pei Chean

Chairperson : Dr Tan Ken Yu

Members : Ms Loh Chee Pheng
Mr Neo Jun Kai
Ms Reshma Lhode
Ms Sheryl Cheng
Ms Teo Wen Ting

Missions:

This committee under the Professional Education Chapter is responsible for organising Continuing Pharmacy Education as well as training programmes for re-entry into practice.

- 1. To provide comprehensive Continuing Education programmes for pharmacists from all sectors, to ensure they remain current in knowledge and skills*
- 2. To continually develop and expand the scope of topics covered in the Continuing Education programmes in keeping with evolving healthcare landscape and training requirements*
- 3. To organise relevant courses and accreditation programmes for Pharmacy professionals*

The committee has continued to collaborate with other PSS Chapters such as the Community, Industry and Young Pharmacists Chapters to avoid duplication in the Continuing Education (CE) programmes provided by PSS. We had strived to add variety to the CEs provided with the main aim of catering to the diverse needs of pharmacists with non-pharmacy related topics incorporated as well. There had been at least 1 CPE lecture organized every month, covering a wide range of topics relevant to pharmacists in various sectors of pharmacy practice. These sessions were provided free of charge to PSS members.

Besides the popular pharmacotherapy series of CEs, we also hosted CE sessions in conjunction with the launch of the respective modules of the PSS Practice Guide for Minor Ailments and topics relevant to our industry members.

We have also improved our online CE platform with enhanced features of PSS's online CPE platform to allow our participants to view videos and download materials for their own learning. PSS members can now keep track of their CE activities under "My Account" on the PSS website. These features have been applied to the SIG online case studies as well as the PSS Practice Guide for Minor Ailments.

On behalf of PSS, we would like to express our sincere gratitude to all the speakers, who had volunteered their valuable time to share their expertise and knowledge. In addition, we would like to thank our committee members for their dedication and for volunteering their time to ensure the

smooth delivery of these CEs. Special thanks to the PSS Secretariat as well for their administrative support and sponsors who had provided educational grants.

We truly hope that the committee's efforts have brought about CE sessions that have met the needs of our members and they have benefited from them.

The PSS CPE Calendar from January 2017 to December 2017

| Date | Title | Speaker | Number of attendees |
|------------|--|---------------------------|---------------------|

The annual PSS Pre-registration Pharmacists' Training Programme comprises of a series of lectures and interactive discussions aimed to equip pre-registration pharmacists with the necessary skills and knowledge to practice safely and competently as pharmacists. The programme is organised by the PSS Pre-registration Pharmacists' Training Committee, a group of dedicated pre-registration training coordinators from all certified training institutions in Singapore.

Chief pharmacist and chief preceptors from various institutions

The training curriculum is revised by the training coordinators every year, taking into consideration relevant inputs from training coordinators and feedback from past year pre-registration pharmacists.

The programme aims to allow the pre-registration pharmacists to gain relevant knowledge and geared them towards the preparation for the SPC competency examination by:

- Facilitating the application of academic knowledge to real-life practice
- Exposure to real life cases for better appreciation of the importance of rules, regulations and principles in governing safe medicine use
- Bringing together relevant specialisation topics from various training institutions to enrich the training programme for a holistic learning experience

The pre-registration pharmacists are also being exposed to the different roles within the pharmacy profession that can be pursued in terms of career and professional development after pre-registration training.

We have a total of 203 pre-registration pharmacists this year, including foreign graduates seeking a Pharmacy career in Singapore. Proof of completion of the PSS Pre-registration Pharmacists' Training Programme is required by SPC as a registration requirement.

Key Activities/Information given in FY2017

- The Training Programme runs from 8 Jul 2017 to 10 March 2018.
- Invited speakers and facilitators were mostly pharmacists practising in both patient-care and non-patient care sectors (e.g. regulatory, research and sales) of the profession. Other healthcare professionals (e.g. physicians) were invited for selected sessions to complement pharmacists' teaching and to introduce interdisciplinary collaboration in their respective fields of working together.
- The Opening Ceremony for the Pre-registration Pharmacists' Training Programme was jointly organised by Singapore Pharmacy Council (SPC) and PSS on 8 Jul 2017.
- Ms Yong Pei Chean (Ex-officio, Pre-registration Pharmacists' Training Committee) opened the session by giving the new batch of pre-registration pharmacists a better understanding of PSS and its history, purpose and honourable achievements.
- A/Prof Lita Chew (Chief Pharmacist, SPC) provided an insight on pharmacists' profession and its roles in the healthcare situation in Singapore with the changing landscape in Pharmacy transformation.
- Ms Felicia Ling (Executive Secretary, SPC) gave an extensive overview of the pre-registration pharmacists' training programme and Dr Lou Huei-Xin (Chair, SPC Board of Examiners) briefed them on the competency standards and examination of SPC.
- Ms Lee Siok Ying (Chairperson, Pre-registration Pharmacists' Training Committee) briefed them on the training programme and shared the rules and regulations of the training sessions.

Chairperson – Siok Ying (left) and Chief Pharmacist / A.Prof Lita Chew (right) delivering their speeches

The Closing Ceremony will take place on 10 March 2018, together with the PSS Annual General Meeting.

The PSS Pre-registration Pharmacists' Training Committee would like to thank all invited speakers for sharing their expertise to nurture our future pharmacists as well as the PSS Secretariat, particularly Ms Janet Low and Ms Jessin Ching in ensuring the smooth delivery of the training programme.

WSQ CERTIFIED PHARMACY TECHNICIAN COURSE

Management Representative : Mr Ng Cheng Tiang

PSS has been the sole provider of the Certified Pharmacy Technician Course (CPTC) which has continued to be the only course that was accredited by the then WDA (Workforce Development Agency) which has now split and renamed WSG (Workforce Singapore) and SSG (SkillsFuture Singapore).

As this accredited CPTC has been running for close to 10 years, considerable updates and changes would be anticipated due to the reorganization of WDA into WSG and SSG; there was also additional reason attributed to the proposed new guidance for the qualifications of Pharmacy Technicians by the Chief Pharmacist's office of the Ministry of Health (MOH). As such, these external factors, plus the cumulative feedback and experience from the pool of PSS CPTC trainers suggested that some updates to the CPTC would be in the pipeline. That would be something to be considered as the arrangement and guidance from MOH, WSG and SSG become clearer.

Meanwhile in 2017, the CPTC continued to be running with the enrolment of the 31st and 32nd intake consecutively. The total number of candidates for both intakes stood at 38 in total with 1 dropout along the way.

There were trend for candidates from both intakes to choose specific modules instead of sitting through the full qualification in order to receive the CPTC certification. This would be one possible trend to be taking into consideration going forward for the curriculum development and revision work.

PSS would like to take this opportunity to thank all the trainers and the Secretariat for the contribution and support of the CPTC programme. We also would like to acknowledge the supports from the Pharmacy Managers and also the candidates for the unrelenting support of this programme.

Group photo of the 28th & 29th CPTC graduates with the invited guests

Following up on the 3-year theme “Know Your Medicines, Own Your Health, Befriend Your Pharmacist”, the organizing committee of Pharmacy Week 2017 proudly presented the third and concluding instalment, with the tagline “Befriend Your Pharmacists, Find Us Today!”

This year, efforts were focused on public outreach, with the highlight being the “Befriend Your Pharmacist @ South West” carnival. The team of 30 comprised one main steering committee and 3 sub-committees, namely Public Education, Publicity and Sponsorship.

The key message of Pharmacy Week 2017 was “Manage your health the right way and the safe way”.

1. The RIGHT way

- ❖ Self-medicate minor ailments (focus on cold & flu, pain and skin fungal infections)
- ❖ Make informed lifestyle choices to prevent and manage chronic diseases

2. The SAFE way

- ❖ Choose health supplements safely
- ❖ Be aware of interactions between medications, food, and herbs

3. The RIGHT and SAFE way

- ❖ Be aware of the dangers of polypharmacy

Public Education and “Befriend Your Pharmacist @ South West” Carnival

The Public Education subcommittee organized the “Befriend Your Pharmacist @ South West” carnival on 15th Oct 2017 at the Canopy @ J Link. The event was held in partnership with South West Community Development Council (SWCDC) and supported by National University of Singapore Pharmaceutical Society (NUSPS) and Republic Polytechnic.

Six main educational booths were specially crafted by members of the organizing committee and set up in the heart of the event, to convey the various key messages, via the use of interactive games to engage the public. Residents were rewarded with fun and goodies, and above all, invaluable take-home messages from pharmacists. These activities also offered opportunities for the student volunteers to hone their communication skills with the public. The event was graced by Ms. Low Yen Ling, Mayor of South West district, and was well received by more than 800 participants from the public.

Opening of “Befriend Your Pharmacist @ South West” and Winners of the children’s colouring contest

In alignment with the Health Sciences Authority advisory to address the growing public concern for health products obtained through illegitimate means, residents were encouraged to differentiate between real and fake health products at the game booth “Real or Not?” through informative posters and fictitious 3D blown-up health product designs. They were made aware of dangerous interactions between medicines, supplements, and herbs at the booth “Mythbusters”, where common myths and misconceptions surrounding medications were debunked through a ball game involving true or false questions.

Interactive game for the public in choosing legitimate health products – “Real or Not?”

The public also gained valuable knowledge on how to self-medicate for minor ailments via a mock pharmacy setup named “Let’s Go Shopping!” and how good lifestyle choices can prevent and better manage chronic diseases such as diabetes, high blood pressure and high cholesterol at “The Game of Life”.

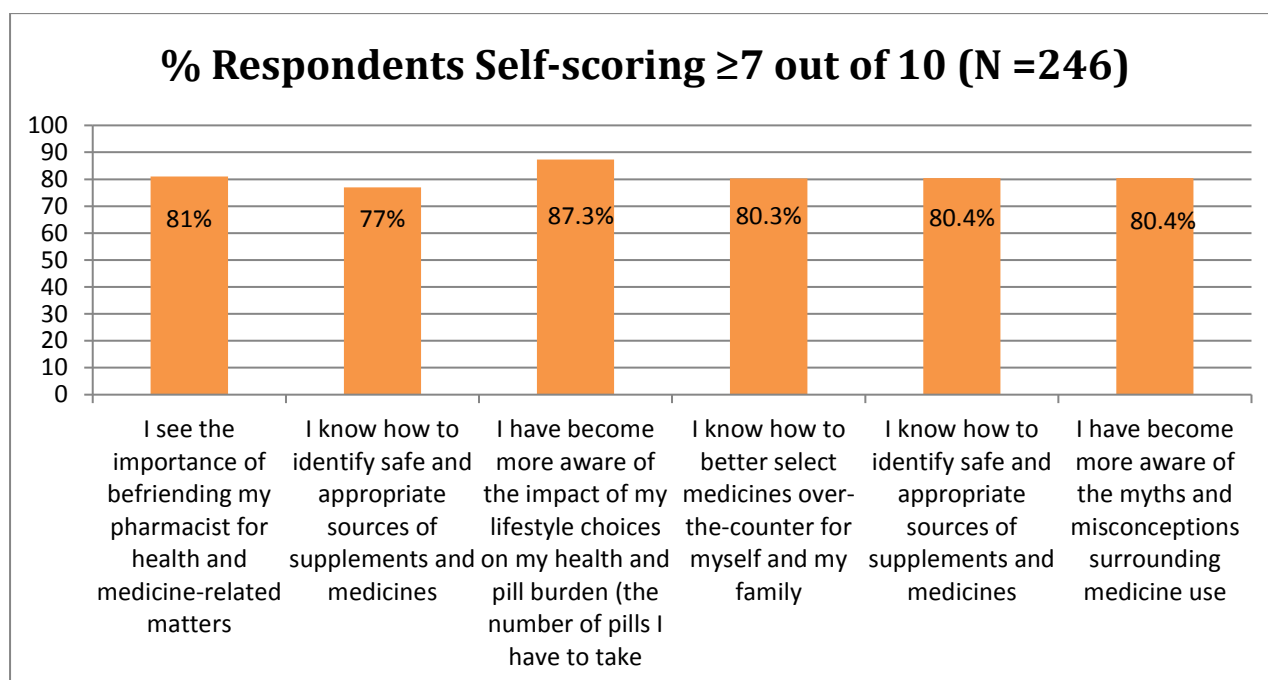

Many residents learnt about the dangers and burden of polypharmacy as they took part in the “Pack It Right” game, where they raced against time to pack a list of medications correctly into a pillbox. Importance of proper storage of medicines was reinforced at the “Store It Right” booth.

Residents at play at other game booths – Pack It Right and Mythbusters

On top of that, guest speakers TCM physician and pharmacist Ms. Ong Puay San, and Senior Regulatory Specialist from Health Sciences Authority Mr. Choong Chih Tzer, added much variety to the carnival programme by educating the public on safety of Traditional Chinese Medicine and adulterated health products respectively.

Feedback collected from the residents was generally very positive, including public calls to make the carnival a more regular event. The survey findings from 246 respondents were as follows:

Most participants rated their knowledge about medicines as fair (5 to 7 out of 10) prior to the carnival.

Publicity

Publicity efforts surround the key message of Pharmacy Week 2017. Three new infographics were designed and another 3 past relevant Pharmacy Week posters were used to convey the 6 public health messages that the committee would like to increase public awareness in.

The publicity subcommittee took a multi-pronged approach to ensure a wide outreach to the general public. These included social media platforms Facebook and Instagram, PSS website, and print media such as publicity posters on notice boards of void deck, event banner facing Jurong East MRT, colouring contest flyers and an article in Livewell magazine.

Theme Poster of Pharmacy Week 2017

Instagram stories @yoursgpharmacists was a new initiative by the publicity subcommittee, to use the existing PSS instagram account to portray the different faces of pharmacists in Singapore. These included interesting anecdotes with patients or at work and “letters to my younger self” which featured motivational words for aspiring pharmacists and inspirational reasons behind why pharmacists chose this profession. The campaign proved to be very successful as @yoursgpharmacists account saw the number of followers increased from 28 to 314 by 15 Oct 2017.

Instagram posts @yoursgpharmacists; Popular Quiz on Minor Ailments on Facebook

A total of 47 Facebook posts relating to the 6 public education messages were shared on the official PSS Facebook page from July 2017 to Oct 2017. Other than educational posts, Facebook also featured a total of 4 online quizzes and prize giveaways to entice participation by the online community. The number of posts increased to daily during Pharmacy Week itself, to build up momentum to the carnival finale.

Two branding kits bearing the details of pharmacy week and publicity materials were shared with various institutions to assist them in the planning of pharmacy week activities at their own workplaces.

Together with SWCDC, the Pharmacy Week 2017 committee released a joint media invite to major media sources 2 weeks prior to Pharmacy Week and a media release the day before the event. “Befriend Your Pharmacist @ South West” carnival was prominently featured in Lianhe Zaobao and BRIDGE, a bi-monthly bulletin published by SWCDC for their residents in South West district.

SPOTLIGHT befriend your pharmacist @ South West

Left and inset: Residents taking part in a game where they learn to pack their medications correctly using a pill box.

YOUR PHARMACIST, YOUR PAL

Residents learnt to manage their health through right and safe medication at the Befriend Your Pharmacist @ South West Carnival.

WHEN HIT WITH A MINOR AILMENT such as cough or muscle ache, many of us prefer to self-medicate instead of consulting a doctor. However, without proper knowledge, consuming the wrong kinds of medication can be harmful. Luckily for Singaporeans, there are trained pharmacists

Showing a resident how to differentiate between real and fake health products.

"Befriend Your Pharmacist @ South West" Carnival in the Media

Sponsorship

The committee received a total of \$15,300 of cash sponsorship from various pharmaceutical and healthcare enterprises. On top of that, an additional \$5,000 came from the successful application of Youth Fund under South West CDC. Total expenses incurred by the entire event came well within budget at \$14,054.17. Inclusive of the balance from Pharmacy Week 2016 (\$2,897.44), there was a surplus of \$9,143.27. The committee also received a multitude of product and service sponsorship from a total of 25 participating companies, which the members of the sponsorship subcommittee worked tirelessly to liaise with.

The sponsored products were given out during the fair, which attracted huge crowds to the event.

Conclusion

The co-chairpersons of Pharmacy Week 2017 would like to express their heartfelt thanks and gratitude to all members of the organizing committee for the hard work they have put in to make the event a stunning success, as well as to express their appreciation to Pharmaceutical Society of Singapore for assisting alongside our organizing committee!

YOUNG PHARMACISTS CHAPTER

| | | |
|-------------------|---|---|
| Ex-Officio | : | Ms Chean Ning Wei, Tracy |
| Chairperson | : | Ms Cindy Chew Yue Xin |
| Vice- Chairperson | : | Ms Nguyen Thi Hai Van/ Mr Franky |
| Secretary | : | Mr Marshall Liu Mao Sheng |
| Treasurer | : | Ms Shermain Ng Yali |
| Members | : | Mr Aaron Jason Martin Ms Anthea Lee Jia Ying Ms Juliana Charles Ms Low Hui Ming Margaret Mr Ong Chin Kheng Mr Ong Kheng Yong Mr See Zuyao |

Mission

- 1) To engage young pharmacists and cultivate a stronger sense of belonging to the profession*
- 2) To provide avenues for greater social interaction among pharmacists*
- 3) To develop a competent Pharmacists Chapter that can represent Singapore/PSS at a regional and international level*
- 4) To foster stronger cooperative ties between NUSPS and YPC, through mutual support and collaboration for NUSPS- and YPC- organised events*

In the year 2017, the Young Pharmacist Chapter (YPC) placed significant emphasis on strengthening bonds within the Chapter. Besides, the usual NUS pharmacy student engagement, the Chapter also brought together young pharmacists in Singapore and the regions beyond its shores. In addition to the annual mainstay events, great effort was also dedicated into planning of a new series of leadership related talks to provide guidance for young pharmacists. These activities were set in motion as a result of the feedback received from PSS membership surveys held in November 2016.

This year, YPC's annual Sport Day was held on 19th August 2017 at Mayflower Secondary School. The event was a huge success and received overwhelming response from more than 30 participants. Forming 6 teams, participants played "Captain's Ball" in a series of tournaments.

Emerging as the winner of the games this season was the team from Tan Tock Seng Hospital (TTSH). Basking in the spirit of sportsmanship, participants also took the opportunity to mingle and strengthen their networks among pharmacists from various practices. The relentless support for YPC's Sports Day is a strong testament to the event's popularity and significance to young pharmacists.

2017 was a year that saw some changes in the YPC membership. Besides welcoming new faces, YPC had to bid farewell to members who are pursuing the next chapter in their lives. We are thankful to the outgoing members and at the same time glad that there are many young pharmacists who are keen to contribute to the Society.

On 30th September 2017, a bonding session was organized to bridge the gap between new and existing members. Organized in the manner of a cosy “get-together” and in tandem with Mid-Autumn festival, the session was held at the YPC’s Vice President’s home. Activities include barbeque, moon cake tasting and lantern lighting.

Besides active members, invitations to the “bonding session” were also sent to potential members. Through this action, two non-member pharmacists had the opportunity to interact with Chapter members to learn more about YPC.

Since this event was well received, there is intention to deliberately integrate ad-hoc gatherings and bonding session/events more frequently into YPC’s future calendar of events.

In an effort to network and search for collaborating opportunities with young pharmacists in Asia, YPC sent representatives to participate in the Asian Young Pharmacist Group (AYPG) Leadership Summit held in Kuala Lumpur, Malaysia, on 11th and 12th November 2017.

The Summit provided an inspiring platform for young pharmacists and students to interact, learn and network with distinguished healthcare professionals as well as to discuss regional issues and concerns experienced within the pharmacy profession.

Breaking away from tradition for the first time, four representatives (instead of previously only two) from YPC were given the opportunity to attend the Leadership Summit. These representatives were Ms. Cindy Chew, Ms. Nguyen Thi Hai Van, Mr. Franky and Mr. Ong Kheng Yong.

At the Summit, Ms. Cindy Chew (YPC Chairperson) and Ms. Nguyen Thi Hai Van (YPC Vice Chairperson) were selected to take on the role of judges for posters relating to research as well as to be representatives of Singapore in the AYPG Council Meeting.

At the AYPG Council Meeting, Singapore's YPC was appointed to be one of the three members of the AYPG Award Selection Committee. The purpose of this committee is to develop the grading criteria for recognizing exceptional pharmacists in Asia, and subsequently select deserving individuals for the awards. This appointment is a testament that PSS YPC is now a significant player in the international landscape.

As a group of young pharmacists, YPC always seeks to innovate. From the PSS Membership Survey results, it is evident that members are interested in communication, management and leadership-related activities.

As such, YPC is planning for a series of Continuing Professional Education (CPE) in the area of leadership. The topics for the CPE include “Becoming Successful in Inter-Professional Communication and Collaboration”, “Entrepreneurship” and “Innovation and Community Engagement”. The team is currently in the process of finalizing the dates and panelists for the first forum. The aim is to debut the first talk in March 2018.

To increase pharmacy students’ exposure to YPC as well as to facilitate their smooth transition from students to professional pharmacists, YPC is also working with the National University of Singapore Pharmaceutical Society (NUSPS) to explore opportunities for collaboration and mutual support for events. Proposed events currently include “sharing sessions” by practicing pharmacists through gatherings and volunteer work at nursing homes. The two groups will meet in January 2018 to follow up and outline a detailed plan for collaboration.

Moving into 2018, YPC will kick-start the year with a New Year Party held in conjunction with an Annual Appreciation Dinner (by PSS) on 12th January. These will be organized to extend gratitude to all Council and Committee Members for the endless efforts and time contributed to ensure the success of all PSS events in the year 2017.

YPC aspires to serve as a bridge between students and practicing pharmacists as well as to positively promote the pharmacist’s profession locally and in Asia. To achieve this goal, YPC will continue to strive in its endeavors and prioritize collaboration with the various chapters to build professional relationships in order to strengthen the industry as a whole.

| Sponsorship Committee | : | Mr Chia Soon Keat Ms Amanda Lee Pei Xin | Ms Vivian Tan Yu Qin |

The 27th Singapore Pharmacy Congress was successfully held at the Suntec Singapore Convention & Exhibition Centre on 23rd and 24th September 2017. It was attended by over 800 registered delegates from both local and overseas countries (Malaysia, Philippines, Thailand, Hong Kong SAR, Japan, New Zealand, United Kingdom and Australia). In the week leading to the congress weekend, 7 pre-congress workshops (6 offsite & 1 onsite) were conducted that focused on specific pharmacotherapeutic topics such as critical care, cardiology and nephrology.

The theme of this year's congress is "Innovate. Impact. Inspire." The primary goals of this congress were to highlight innovations that have enhanced the way pharmacists learn, practice and deliver healthcare services and impact generated by pharmacists for our patients. Furthermore, to inspire the younger generation to continue with the good work of the pharmacy profession.

Mr Ng How Yue, Permanent Secretary, Ministry of Law & Second Permanent Secretary, Ministry of Health, Singapore graced the event as our Guest-of-Honour. He also concurred that it was critical for the transformation in the delivery of pharmaceutical in order to keep our healthcare system and costs sustainable. He reiterated on the need to constantly improve care delivery by (a) being innovative to increase productivity and cost effectiveness, (b) creating value to positively impact the health of our patients and (c) by inspiring fellow healthcare professionals.

The opening ceremony featured the Ministry of Bellz, a not-for-profit organization that was established in June 2007. Congress delegates were delighted with their performance "Top of the World" and they were joined by pharmacy volunteers in their second performance "Somewhere Over the Rainbow."

At the opening ceremony, the following awards were presented:

- **PSS-NUS Student Book Prize:** Ms Wu Xinyi
- **PSS-Chalmers Medal:** Mr Donovan Marcus Yeo
- **PSS-Prize for Pharmaceuticals:** Mr Tan Wee Kiat
- **PSS-Student Overseas Enrichment Award:** Mr Tan Aik Edwin and Mr Wee Xin Hao
- **PSS-ICM Pharma Industry Pharmacist of the Year Award:** Mr Png Yong Koh
- **PSS-Shire Hospital Pharmacist of the Year Award:** Dr Jonathan Seah
- **PSS-LF Asia Community Pharmacist of the Year Award:** Ms Joy Chong Boon Ka
- **Mrs Tan Shook Fong-PSS Innovation and Scientific Research Award:** Dr Kevin Yap Yi-Lwern and Dr Yap Kai Zhen
- **Prof Lucy Wan Outstanding Pharmacist of the Year Award:** Dr Lou Huei-Xin
- **Community Pharmacy Health Champion Programme (CPHCP) Awards:** Ms Soong Lai Leng, Mr Lim Zong Neng Anson, Mr Eng Hong Sheng Matthew, Mr Low Jing Yang, Ms Ng Siow Tian, Ms Wong Siew Rong, Mr Heng Fu Xun Marcus, Ms Hong Jiemi, Ms Veridiana Alicia Giam Ching Ing and Ms Tan Ming Ming.

The congress programme was divided into 3 subthemes i.e Innovate, Impact and Inspire. The keynote lecture was delivered by Prof John Climax on “Transformation of the Profession Through Innovation” and Prof Debra Rowett spoke on “Pharmacists Creating an Impact: How, When and Where?” for the Day 1 Plenary Lecture (IMPACT).

As per last year, we also had a designated track to cater to Pharmacy Technicians' (PT) needs. Besides having talks like how to use innovation and technology to make learning fun, a PT was invited to share on her project as best poster presentation. It ended off with a symposium panel discussion that discussed on PTs' training and career development.

The climax of Day 2 congress was Plenary 2 (INSPIRE) - "Our Pharmacy Townhall – Aligning the Profession to Healthcare 2020 and Beyond" that had our pharmacy leaders speak on (1) National Pharmacy Strategy: Beyond Hospital to Community – Roles of Pharmacists by A/Prof Lita Chew, (2) Future Proofing the Profession Through Quality Assuring Pharmacy Education, Training and Practice by Mr Wu Tuck Seng, (3) Towards a Future-Ready NUS Pharmacy: Aspirations, Challenges and Progress by Prof Christina Chai and (4) Transforming Community Pharmacy Practice, Enhancing Primary Care – PSS Initiatives by Ms Ng Hong Yen. It was a highly engaging session with delegates having the opportunity to pose questions of concern to our pharmacy leaders.

The third plenary session (INNOVATE) was delivered by Mr Lim See Wah, who spoke on "The Entrepreneurial Pharmacist." Furthermore, there were numerous symposiums conducted throughout both days of congress to cater to the varied interests of pharmacists such as how pharmacy education can move beyond the classroom, transformation of community pharmacy practice, translational research, how evolving practices would impact the pharmaceutical industry, community service and outreach, pharmacy in the era of digital health and clinical updates. The diverse and dynamic group of speakers and panelists invited for our Congress had provided in-depth insight, innovative and/or practical models of care delivery and updates that engaged delegates. A total of 103 abstracts (including 5 oral presentations) were accepted and delegates were able to interact with poster presenters during tea break sessions.

The social event was held at the Armoury on the evening of Day 1 congress. It was well attended by both speakers and delegates who enjoyed themselves fully with a night filled with food, drinks and games.

I would like to take this opportunity to acknowledge and thank each and every committee member for their dedication and commitment in organizing this very successful Congress. Furthermore, I would also like to thank all our distinguished speakers, judges, master of ceremony, corporate sponsors, PSS Council, the congress and PSS secretariat, student volunteers, without which, none of this would have been possible.

Reported by: Dr Vivianne Shih

PSS PHARMACIST VOLUNTEER SERVICE FOR DOVER PARK HOSPICE (DPH) AND HOSPICE CARE ASSOCIATION (HCA)

Coordinator : Mr Wu Tuck Seng

Volunteers : Ms Chong Yi San
A/Prof Lita Chew
Ms Lim Jia Hui
Ms Oh Ching Ching
Ms Quay Siew Ching, Irene
Dr Shih Lee Chuen, Vivianne
Ms Thum Chui Mei, Miko
Ms Wong Huan Yan

Briefly, the PSS pharmacist volunteer service for DPH started in 1998 with the aim of helping to ensure safe medication use through proper storage and handling of medicines. In 2000, the service was extended to HCA. Volunteers reviewed donated medicines and see if they can recycle them safely to reduce cost. They pre-pack medicines for inpatient use at DPH and pack ready to use packs of medicines for home visits by the HCA doctors and nurses. The volunteers take turns to provide this service every Saturday for about 2 – 3 hours each time.

(A) Pharmacist Volunteer Work

For 2017, we had 2 pharmacists from Tan Tock Seng Hospital, Ms Chong Yi San and Ms Lim Jia Hui who joined the volunteer group. So this increased the number of volunteers from 7 to 9. A much welcome addition. Sadly, Dr Vivianne Shih will step down as a volunteer with effect from 1/1/18 for personal reasons. We thank her for her significant contribution as a volunteer all these years and wish her all the very best in her future endeavours. The PSS pharmacist volunteers continued with the recycling of medicines work. They conducted a total of 52 medication recycling and repackaging sessions at DPH and HCA in 2017.

The volunteer pharmacists had their annual meeting with DPH management on 11/3/17 at the DPH Council room. The team reviewed the DPH non-standard drug list as well as par levels. DPH was advised to inform families of patients who have issues disposing of unwanted medications to return them to the respective hospital pharmacies. Sublingual fentanyl is now a controlled drug stocked and used in DPH. It was clarified at the meeting that the MOH Guidelines for Compounding of Sterile Products will not apply to DPH as it was meant for organizations that prepare and supply drugs/medications to other organizations. Tokens of appreciation were given by Dr Ong Wah Ying, Medical Director of DPH to all the pharmacist volunteers at the end of the meeting.

The PSS volunteer pharmacists continue to work with enthusiasm and commitment as a team with DPH and HCA doctors and nurses.

We value all the work done by the volunteers and their unstinting spirit of giving of their time and knowledge to help with medication management at DPH and HCA.

Pharmacists who are interested to volunteer, please contact Tuck Seng at rlwts7@gmail.com or call 67725007.

The workgroup is currently represented by members from 13 institutions providing ILTC pharmacy services. We are pleased to report the following events and milestones this year.

Members of the PSS ILTC Pharmacists Workgroup - 25th October 2017. (Some members are not present)

(A) Workgroup Related Milestones

Peer Review ILTC Pharmacist Training Forms: Similar to previous years, the workgroup has been pivotal in supporting pharmacists who play a role in the ILTC sectors. To align members in providing standardised care, Reshma led the workgroup members (Jiun Yih, Grace Lee and Joyce Tan) to completing a set of Peer Review ILTC Pharmacist Training documents. They have since been introduced to the workgroup and will be used to train current and new pharmacists in the year 2018. Each institution will then further tailor the documents for their use and implement it by 2018.

Continuous Education (CE): In the beginning of the year, the workgroup initiated a CE program so that all members may come together during meetings to learn from each other's experience and expertise.

All workgroup meetings are now accompanied by a 30mins CE session and 10 multiple choice questions where members may attempt on their own with answers provided on a later date. Moving forward, the CE is in the process of being uploaded into the PSS website to benefit pharmacists who have missed the meetings due to their work schedule.

| Month | Topic | Member and Institution |
|---------|---|--|
| April | Case studies: Geriatrics and Palliative Care | Mr Tan Jian Ming from Khoo Teck Puat Hospital |
| June | New drugs update | Ms Lim Zhiying from NTUC FairPrice Co-operative Limited (Unity by FairPrice) |
| August | Use of PPI in NGT | Ms Eunice Lim from National Healthcare Group Pharmacy |
| October | Role of Pharmacists in Chronic Wound Dressing | Ms Tan Lay Keuan from Ren Ci Hospital |

List of CE topics conducted in 2017

(B) Medication Management Training

Since 2014, the PSS ILTC Pharmacists workgroup has been providing Agency of Integrated Care (AIC) with a series of medication management training course ranging from medication management processes to drug knowledge for common geriatric conditions such as Dementia, Pneumonia etc. These talks are offered to the nursing staff of ILTC institutions such as nursing homes as well as staff from centre base care.

| <u>Module 1: Medication Management Processes</u> |
|--|
| Prescribing Terminology & Good Practices |
| Drug Information Resources |
| Medication Safety |
| Safe Medication Administration |
| Medication Reconciliation |
| Appropriate Drug Storage |
| Waste Management |
| <u>Module 2: Drug Knowledge</u> |
| GI System (Constipation, Diarrhoea, PUD, GERD) |
| CV System (Htn, Hyperlipidemia, IHD, Stroke, DVT, Anticoagulant therapy) |
| Respiratory System (Asthma & COPD) |
| CNS (Anxiety, Depression, Dementia & BPSD, Epilepsy, Parkinson Disease, Pain) |
| Endocrine System (DM & Thyroid Disease) |
| Skin (Dry skin, Eczema, Fungal Infection, Pressure Sores, Scabies, Lice Treatment) |
| Eye (Dry eyes, Glaucoma) |
| Common Infections (UTI, Pneumonia, Cellulitis, URTI) |
| Others: Medication & common condition related to fall risk |

Topics for medication management training

These talks have been well received by the nursing home staff. Following the third and final run of the training program, an additional run for some of the topics was requested for the staff of St Hilda's Community Services and a few other institutions that were unable to attend the previous training runs. Our pharmacists gladly invested their weekend to contribute their knowledge. As of end 2017 AIC will be re-releasing the Request for Proposal for training providers for the next medication management run.

(C) Drug Related Problem Project (DRP) conclusion/Presentation at Singapore Pharmacy Congress 2017

Last year, the workgroup launched the DRP standardisation project as a FYP project in conjunction with NUS. This study aims to contribute towards the development of a validated, standardised DRP classification system for the ILTC setting, enabling a more accurate assessment and demonstration of the impact of pharmaceutical care services in the ILTC setting.

1) Indication

- a) Drug use without indication
- b) Untreated indication
- c) Therapeutic duplication

2) Improper drug selection

- a) Contraindication
- b) More cost effective drug available

3) Dosage

- a) Drug dose is too low
- b) Drug dose is too high
- c) Dosage regimen not frequent enough
- d) Dosage regimen too frequent

4) Duration

- a) Duration of treatment too short
- b) Duration of treatment too long

5) Drug form

- a) Inappropriate formulation/ drug form
- b) Inappropriate change in brand

6) Adverse drug reaction (ADR)

- a) ADR (non allergic)
- b) ADR (allergic)

7) Drug interactions

- a) Drug drug interaction
- b) Drug food interaction
- c) Drug lab interaction
- d) Drug disease interaction

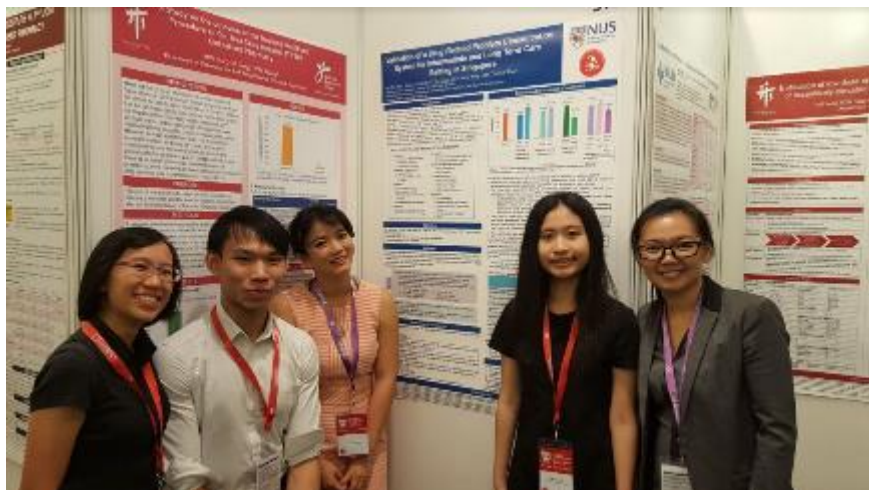

8) Others

- a) Lab monitoring
- b) Resident medical record related
- c) Expired medication/ inappropriate storage
- d) Non-availability of medication
- e) Others

PSS ILTC Pharmacists workgroup standardised DRP classification

The results of this study demonstrated that the Standardised DRP classification system developed by Quan Qi, Grace Kng and Wing Lam showed substantial external validity when used by ILTC pharmacists from various settings. In addition, opinions on its usability were generally positive.

This project was presented at the 2017 Singapore Pharmacy Congress by Lim Xin Yan, the NUS student who carried out the project under the supervision of Dr Yap Kai Zhen.

*Project members standing next to poster presented
Left to right: Chung Wing Lam, Yeo Quan Qi, Grace Kng, Lim Xin Yan, Dr Yap Kai Zhen*

(D) National Medication Reconciliation Guideline

In early 2017, Ministry of Health (MOH) sought feedback from pharmacists from various institutions for the upcoming implementation of the National Medication Reconciliation Guidelines. Representatives from the ILTC workgroup contributed their comments on the draft of the guidelines, as well as shared their experiences of conducting medication reconciliation in the unique setting of the nursing home during the mass consultation session in January.

Many nursing homes are not connected to the National electronic health record system. Changes made in the nursing home setting are often not reflected in the records of government healthcare institutions and vice versa. Hence medication reconciliation plays a very important role in preventing medication errors. This sharing and consultation session was a great learning experience for pharmacist from all sectors to learn about the difficulties encountered in the different settings.

(E) Therapeutic Drug Monitoring Guideline for Nursing Homes

In July 2017, Lee Ting Yee and Zhang Yan Xin, Tracy worked together to develop a comprehensive therapeutic drug monitoring guideline specific for nursing home settings. This guide covers conditions such as Diabetes, Hyperlipidemia, and Hypothyroidism.

Besides providing the workgroup pharmacists with a handy guide to refer to while they are on the nursing home floor, this guide can also be used to educate the staff nurses on the common monitoring parameters for such conditions. This guide is currently undergoing some improvements.

(F) Future Direction

New Clinical study

It has been 6 years since the first Pharmaceutical Care Package pilot was introduced, to demonstrate the necessity of pharmaceutical services in nursing home.

To appropriately evaluate the impact of pharmaceutical services, the workgroup plans to conduct a clinical study. This study will summarize the DRPs by category (using the standardized DRP classification developed earlier) that were detected and addressed, to review the impact of pharmaceutical care services.

Centre Base Care

In early 2017, AIC and Ministry of Health Holdings (MOHH) completed a pilot project investigating the impact of pharmaceutical care in the centre based care setting. Following the successful pilot, AIC and MOH will soon look into expanding pharmaceutical services to other centre based care institutions. The PSS ILTC Pharmacists workgroup has begun preparing its members to provide for this sector.

(G) Conclusion

2017 was an eventful year for the PSS ILTC Pharmacists workgroup. With the guidance of the existing advisors, the members of the workgroup will continue to focus on keeping up to date in geriatric care, increasing our reach to other sectors of ILTC such as day care and even home care, and contributing to the overall vision of Healthcare 2020.

ADVERTISING STANDARDS AND AUTHORITY OF SINGAPORE (ASAS)

What does ASAS do?

- 1) Provide copy **ADVICE AND GUIDANCE** when advertisers, advertising agencies and media owners are in doubt over the acceptability of advertisements.
- 2) Handle consumer complaints about **QUESTIONABLE ADVERTISING PRACTICES** in all media
- 3) Advise on any **BUSINESS-TO-BUSINESS ADVERTISEMENT FEEDBACK**, provided that it is brought to the attention of the ASAS in accordance with the procedure of lodging a complaint.
- 4) **ISSUE SANCTIONS** by
 - Withholding advertising space or time from advertisers, and withdrawal of the trading privileges from advertising agencies. Both these sanctions are applied by the media owners.
 - Exercising the option of publishing details of the outcome of the investigations publicly.
 - Taking action under the Consumer Protection (Fair Trading) Act for recalcitrant advertisers who repeatedly ignore the **Singapore Code of Advertising Practice (SCAP)** by persistent marketing of false, misleading or unsubstantiated advertisements.

For more information regarding ASAS, please log on to:
<https://asas.org.sg>

For more information on SCAP, please log on to:
<https://asas.org.sg/code>

PSS Members can visit ASAS website (<http://asas.org.sg>) for SCAP (Code) and guidelines on:

- (a) Food Advertising to Children
- (b) Interactive Marketing Communications and Social Media

PSS participated in the following ASAS seminars and training workshops to engage the Industry and consumers:

- (a) 31 Mar 2017, Food Advertising to Children guidelines
- (b) 13 Oct 2017, *"From Beauty to Duty"* (advertising and regulatory issues for the beauty and wellness industry)
- (c) 13 Nov 2017, *Ethically Viral* (advertising and regulatory issues in social media marketing)

The year ended with the farewell for Prof. Tan Sze Wee as Chairman of ASAS after serving 25 years.

CASE Volunteers' Gathering (Year 2017): the PSS rep for ASAS (seated 2nd from left)

Reported by: Ms Agnes Lee

PSS ANTI-DOPING

Wan Peng has continued to support the collaboration between PSS and Anti-Doping Singapore and the mapping of HSA-registered therapeutic products to the World Anti-Doping Agency (WADA) Prohibited List.

The key changes and clarifications to the WADA Prohibited List in 2017 were as follows:

S2: PEPTIDE HORMONES, GROWTH FACTORS, RELATED SUBSTANCES AND MIMETICS

- To extend the scope of Erythropoietic Stimulating Agents, Transforming Growth Factor- β (TGF- β) inhibitors (e.g. sotatercept, luspatercept) were added.
- Cobalt: It is re-iterated that vitamin B12, which contains cobalt, is not prohibited.

S3: BETA-2-AGONISTS

- Dosing parameters of salbutamol were refined to make it clear that the full 24 hour dose should not be administered at one time.
- The maximum dosage for salmeterol was stated according to the manufacturers' recommendations.

S4: HORMONE AND METABOLIC MODULATORS

- Androsta-3,5-diene-7,17-dione (arimistane) was added as a new example of aromatase inhibitor.

273 active ingredients found in therapeutic products which were newly registered by HSA in 2017 were mapped to the WADA Prohibited List in the past year. The prohibition status of each therapeutic product is available to athletes and the public via the online database "CheckDrugs" (<https://www.antidoping.org.sg/public/checkdrugs.aspx#mode=land>).

Example:

| Result for PREDNISOLONE TABLET 20 mg | |
|---|---------------------------|
| Substance Name : | PREDNISOLONE (Micronized) |
| Route : | ORAL |
| WADA Classification : | S9 - Glucocorticoids |
| Status | |
| IN-COMPETITION : | Prohibited |
| OUT-OF-COMPETITION : | Not Prohibited |

NORTHWEST COMMUNITY DEVELOPMENT COUNCIL (CDC)

A community outreach collaboration between PSS, NUS Pharmaceutical Society (NUSPS) and Northwest Community Development Council (CDC)

| | | |
|------------------------------|---|---|
| Ex-officio / Teacher Advisor | : | A/Prof Teng Bee Choon, Christine |
| Project Director | : | Ms Lee Ying Hooi |
| Vice Project Director | : | Mr Tan Pheng Boon |
| Secretary | : | Ms Yeo Jia Qi |
| Treasurer | : | Ms Tey Siew Min |
| Marketing Manager | : | Ms Ng Shu Ling |
| Volunteer Team Manager | : | Ms Clarissa Chua Wei Ting |
| Publicity Manager | : | Ms Felicia Chia Si Ya |
| Operation Team Manager | : | Ms Andrea Tan Yu Rong Mr Andre Ong Ying Quan |

NUSPS is the student body representing the pharmacy undergraduates in NUS while North West CDC is one of the 5 CDCs in Singapore, tasked to promote community bonding and social cohesion in the North West district of Singapore. Launch in 2 July 2011, the “Know Your Medicines. Get It Right! @ North West” program aims to harness the energy of NUS Pharmacy undergraduates and expertise of registered pharmacists in making a positive contribution to the community. In this program, NUSPS, PSS and North West CDC partner with voluntary welfare organisations, neighbourhood links, senior activity centres and North West Grassroots Organisations to conduct medication review, disease awareness outreach and talks to guide elderly patients on the safe and proper use of medications.

Other than helping the elderly to maximize the therapeutic effects of their medication with medication safety in mind, this program also strives to reach out to the community to educate the public about the role of pharmacists as the trustworthy medication experts and caring partners in managing their health. At the same time, this event fosters closer relations between pharmacy undergraduates and pharmacists from PSS. Students can benefit from the sharing of experience and knowledge by the pharmacists. Last but not least, it allows students to apply their drug knowledge and practise their patient counselling and communication skills, under the guidance of pharmacists.

In the past year, we held 2 outreach events on 18th February 2017 (at Ulu Pandan) and 26 August 2017 (at Admiralty). For both events, the Pharmacy Profession and Awareness Committee (PPAC) under NUSPS were also present to educate the public on safe use of medications through educational posters and games. Since its inception in June 2011, 17 such community outreach events were held to date at different areas under the North West district such as Chong Pang, Clementi, Bukit Panjang, Marsiling and Nee Soon and have benefited more than 1700 senior residents.

This is a very meaningful collaboration and we are grateful for all the students and pharmacists who have come forward as volunteers to serve the community. NUSPS and PSS plan to scale up the community outreach and extend this beneficial outreach to seniors in the South West CDC districts.

Please email our PSS secretariat (admin@pss.org.sg) if you like to volunteer for such community outreach events in the future.

NUS Pharmacy undergraduates and PSS pharmacists volunteers serving the community at North West CDC

RAPPORT WITH OTHER INTERNATIONAL REGIONAL ORGANISATIONS FEDERATION OF ASIAN PHARMACEUTICAL ASSOCIATIONS (FAPA)

FAPA held two Bureau Meetings in 2017, one in May in Malaysia and the second one was held in Taiwan in October.

FAPA Congress:

As per the FAPA tradition, the FAPA Congress has been held every 2 years since its inception in 1964; and the Congress year has always been in the even year.

2017 was a non-congress year but the preparation for the 2018 Congress in Manila was being planned in earnest in the background; similarly Pharmaceutical Society of Hong Kong has been hard at work negotiating and getting high level discussions going to host the 2020 edition of FAPA Congress.

FAPA Membership:

In 2017, the FAPA Membership stood at 21 ordinary members. Under the current President Joseph Wang's vision, the target was to grow FAPA into a true pan-Asian federation of pharmacist association with the target of 24 ordinary members. The Bureau has been working closely to bring Bhutan, Brunei and Lao PDR to join the Federation.

Stakeholders Engagements:

As there was no FAPA Congress, it has become increasingly important for FAPA Bureau to drive some pharmacist-related initiatives in at the regional level in collaboration with some other professional bodies, FAPA members and other relevant stakeholders.

The 3 major agenda which FAPA has been pushing were: SDP (separation of dispensing and prescribing); addressing AMR (antimicrobial resistance) and focus on NCD (non-communicable diseases).

In conjunction with the Bureau Meeting in Kuala Lumpur in May 2017, there was a parallel event held called the Stakeholder Forum where SDP and the experiences, aspirations and the potential impacts for the consumers/public, health financial, medication safety etc were discussed in depth.

Another key initiative of FAPA was to deepen engagements with WHO through its cluster office in WIPRO and SEARO. There have been numerous joint workshops and alignment to ensure that FAPA and WHO would continue to address and tackle the various public health threats where pharmacists can significantly contribute and intervene directly to improve the overall wellbeing of the public/consumers.

Bureau Meeting in Kuala Lumpur in May 2017

FAPA Financial Status:

FAPA, like many other not-for-profit professional organizations, thrived and grow from strength to strength largely through the contribution and support of all its 21 fee-paying members. Though it would not be enough to rely fully on the membership subscription for sustainability and to advance the various activities, FAPA has hitherto relied very heavily on the income generated from organizing the biennial congress.

The membership subscription has not been revised since the FAPA inception in 1964; and recently S.Korea, Taiwan, Japan, Indonesia have volunteered to increase the annual subscription contribution to FAPA.

There has been suggestion for the PSS annual subscription to be revised; it is something which should be negotiated and justified openly with the FAPA Bureau officially.

WESTERN PACIFIC PHARMACEUTICAL FORUM (WPPF)

The Western Pacific Pharmaceutical Forum (WPPF) continues to engage the regional national pharmacy associations by organizing activities over the last year to assist the local pharmacy profession gain greater impact on improving pharmacy services and health of the people. At the annual general meeting, the following members were elected into office and made up the Executive Committee of the WPPF:

The Executive Committee of the WPPF comprises the following members:

| | | |
|----------------------|-------------------|-----------------|
| President: | Mr John Jackson | (Australia) |
| Vice President: | Dr Wai Keung Chui | (Singapore) |
| General Secretary: | Mr Reynaldo Umali | (Philippines) |
| Executive Secretary: | Dr Suzanne Caliph | (Australia) |
| Executive Members: | Dr Sang Hoon Joo | (Korea) |
| | Dr Jih-Heng Li | (China, Taiwan) |
| | Mr Nobuo Yamamoto | (Japan) |
| | Mrs L Ocampo | (Philippines) |

In the year 2017, the WPPF Executive Committee met on a few occasions:

- (1) The 1st meeting was held at the Holiday Inn Hotel, Manila, on 25th – 26th Mar 2017
- (2) The 2nd meeting took place online on 6th July 2017
- (3) The Annual General Meeting took place on 12th Sep 2017 at the COEX in Seoul during the FIP congress
- (4) The 3rd and final meeting was conducted online on 10th Nov 2017

2017 was another busy year, some of the projects and main activities of WPPF that took place are included below:

- (1) The scholarship winners for 2017 FIP-WPPF Travel Grant went to:

- Mr. Wong Zhi Yen (Malaysia)
- Mr Wei Wang (China)

In addition, this year, the WPPF provided travel subsidy to 2 additional pharmacists, they are:

- Ms Reshnika Sen (Fiji)
- Wendy Longamel Pokana (Papua New Guinea)

All the award recipients attended the FIP World Congress 2017 at Seoul, South Korea which took place on 10th – 14th Sep 2017. The theme of the congress was “Medicines and Beyond - The Soul of Pharmacy”.

- (2) The WPPF organized a WPPF Regional Assembly at the FIP Congress in Seoul. The event was attended by a selection of representatives from various countries. The programme of the assembly began by an update following the Summit that took place in Sep 2016. Mr John Jackson shared with the congregation the activities that WPPF organized following the Summit. Mr Jackson also solicited feedback on the second issue identified at the Summit. The congregation spent some time discussing about Infrastructure and enabling systems (e.g. workforce, funding sources, processes, structures, information and technology) that must be in

place to enhance effective medication therapy management for patients. This was followed by Dr Wai Keung Chui providing a presentation on “Implications of competency standards for pharmacists’ education” and Dr Jih-Heng Li spoke on the topic “Infrastructure and enabling systems must be in place to enhance effective medication therapy management for patients”.

- (3) WPPF has analysed the competency survey results and a manuscript is being prepared jointly by Mr Jackson, Dr Caliph and Dr Chui. Some of the findings were shared with the attendees at the Regional Assembly in Seoul. Discussion is underway to possibly operationalize some of the proposals on a country that requires the development of a competency framework.

MEMBERSHIP COMMITTEE

Ex-Officios : Ms Quay Siew Ching, Irene

Summary of membership by the various categories is summarised as follows:

- **Honorary Members** – No candidate was nominated throughout 2017
- **Fellow Members** – This membership category recognises members that have made constant contribution to the PSS throughout the years. In 2017, 4 fellows were designated
- **Life Members** – 11 new life members are nominated and approved by PSS Council in 2017
- **Ordinary Members** – There is a slight increase of 2.9% in our ordinary members in 2017
- **Overseas Members** – There are 2 dropout for overseas members
- **Associate Members** – There is a 6.5% increase in our associate members in 2017
- **Student Members** – We are seeing a steady increase in our student members over the years with an increment of 4.8% in 2017

Comparison of membership between 2016 and 2017

| | As at end 2016 | As at end 2017 | % change |
|--------------------|----------------|----------------|----------|
| Fellow Member | 8 | 12 | 50% |
| Fellow/Life Member | 8 | 8 | 0% |
| Life Member | 166 | 177 | 6.6% |
| Ordinary Member | 1027 | 1057 | 2.9% |
| Overseas Member | 13 | 11 | -15.4% |
| Associate Member | 199 | 212 | 6.5% |
| Student Member | 14 | 27 | 92.9% |
| Total | 1435 | 1504 | 4.8% |

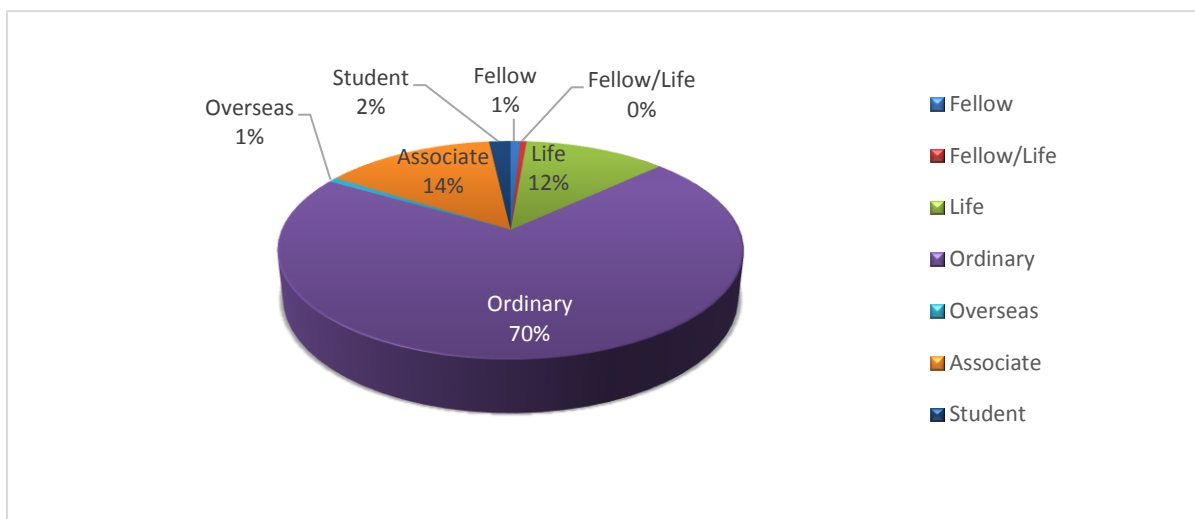

Fig 1: Percentage breakdown of membership into various categories as of Dec 2017

Objective

- To encourage all registered pharmacists in Singapore to become members of PSS, enabling the society to be an active voice for the pharmacy profession.

Activities

Young Pharmacist Chapter conducted a survey on membership in November 2016.

Top 2 reasons for members retaining membership are:

- Able to enjoy preferential rates for activities organised by PSS
- To be part of a professional organisation which represent pharmacists in Singapore

Most popular PSS activities are:

- Continuing Professional Education (CPE)
- Volunteer work initiatives
- Mentoring program and career talks

Young Pharmacist Chapter will take note of our members' preference and organise mentoring talks and volunteer work initiatives in the future.

PSS launched our Practice Guide for minor ailments and Guideline for Supply and Delivery of medications at the 26th Singapore Pharmacy Congress in October 2016. Both continuing education and guide are provided as complimentary for PSS members to access from PSS website.

At our 27th Singapore Pharmacy Congress in October 2017, Medication Therapy Management workshop was launched and preferential rates are offered to all PSS members.

On top of the above, PSS members will continue to enjoy free monthly Continuing Pharmacist Education sessions (≤2 hours in duration) conducted by PSS whereas non-PSS members would be charged \$40 per session. There was at least one CPE session each month CPE that is relevant to all sectors were carefully selected and planned for. Events other than professional activities such as

sport's day and year end party were also organized by the Young Pharmacists Chapter for members to network, relax and have fun.

Once again, the committee would like to thank our members who have made contribution to PSS for the past year and we look forward to your continual support.
