PRESIDENT'S REPORT

The 107th Council was elected into office during the last Annual General Meeting held on 16 March 2013 and assumed office on 1st April 2013. The 107th Council consisted of five new members with representation from the various pharmacy sectors.

It has been a fruitful 12 months with many activities. The aim of our activities continues to focus on our mission of "Maximising the Contribution of Pharmacists to the Healthcare of Singaporeans".

Our annual congress held on 17 and 18 August 2013 was well received and attended by over 700 participants. Our media efforts saw a half-page feature on pharmacists in the Straits Times on 18 Aug 2013. Pharmacy Week 2013 continued with last year's new look and feel. Messages on how pharmacists can help the public with their medications were articulated through train panels on the North-South and East-West lines for 2 weeks in October 2013 and another 2 weeks in January 2014. Exhibitions and free medication reviews were carried out at all participating pharmacies. We continued and expanded our public outreach programmes by increasing collaboration with external partners (Agency for Integrated Care, Health Promotion Board, Ministry of Health, City for All Ages, Aging Planning Office, National University of Singapore Pharmaceutical Society, North-West Community Development Council) through activities like the Pharmacist Health Ambassador Programme, talks, brown bagging events and medication reviews.

We also worked continuously to engage our members. Facebook pages were set up to facilitate communication and sharing of information. Through the various PSS chapters and committees, we continue to provide continuing education sessions, sharing sessions and workshops for all our pharmacists.

PSS was also awarded the Excellent Partnership Awards, presented by the Health Sciences Authority (HSA) Health Products Regulation Group. The award is recognition of the efforts and collaboration between PSS with HSA to protect public health and safety, and enhance the regulation of health products.

2013 has been a vibrant year for PSS with many new volunteers coming on board our chapters and committees. PSS's most valuable asset is the unwavering volunteerism of our pharmacists and we are really grateful and proud to have many committed pharmacists who have volunteered year after year in our various programmes and activities. Detailed reports of the various activities undertaken by the different chapters or committees in PSS, collaborations with our partners and representation in national and international organizations or committees can be found in this Annual Report.

May I extend my heartfelt gratitude to the 107th Council for the camaraderie and unrelenting spirit to push initiatives forward; all our volunteers in the various PSS chapters and committees for their tireless dedication and commitment; pharmacy managers for their continuous support; advisors for their advice and support; all our partners and stakeholders who have helped us advance our cause; our PSS secretariat for their hard work and all who have helped us in one way or another. Last but not least, to all our members, thank you for being with PSS. Your support counts greatly towards our cause. Let us continue to work to advance our profession and more importantly, to improve the health of the general public.

Miko Thum President 107th Council

Mission:

The aim of the Community Chapter is to influence professional practice of community pharmacists and to improve health outcomes for our patients. We also aim to increase the awareness of the public, government-linked agencies and other stakeholders that community pharmacists are important members of the healthcare system.

Report Summary:

Community Chapter continued to break new grounds and advance our mission significantly in the year 2013.

Key milestones & achievements included:

- New record number of follow-ups conducted for Pharmacist Health Ambassador Programme (PHAP).
- Inclusion of Agency of Integrated Care's (AIC) Programme in PHAP.
- PSS awarded the inaugural Health Product Regulations Group (HPRG), Health Sciences Authority (HSA) Excellent Partnership Award.
- "Shining Stars" initiative to recognise outstanding community pharmacists.
- Birth of Face Book Page for Community Chapter.

Report Details:

1. Pharmacist Health Ambassador Programme (PHAP)

Results of Patient Care Efforts

Between September 2012 and July 2013, 861 patients received counselling sessions on chronic disease management and health promotion by community pharmacists. A total of 2452 recommendations were given to patients, and a record high of 2030 follow-ups were conducted. The tremendous effort of the community pharmacists resulted in an excellent follow-up rate of 100%. The outcome of pharmacist work remained encouraging. Majority of patients (61%) reported improved outcomes due to pharmacist advice. Since the change of focus in 2010 where patient follow-up was encouraged instead of just brief counselling, community pharmacists have risen to the challenge and continuously produced great results.

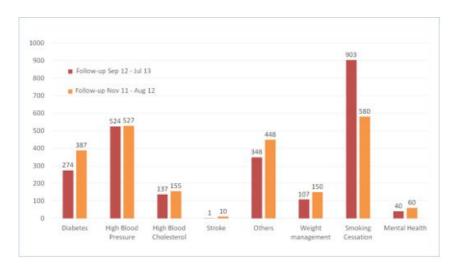

Figure 1. Incidence of patient follow-ups related to types of chronic diseases

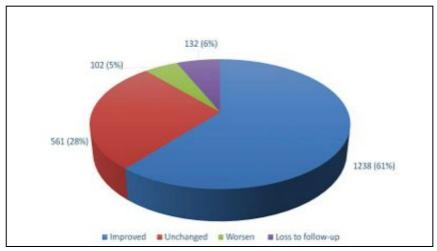

Figure 2. Patient-reported outcomes resulting from counselling by community pharmacists under PHAP

As shown in Figure 1, between the two study periods, the number of smoking cessation sessions conducted by community pharmacists rose from 580 to 903 (56.2% increase). This translated to better awareness that the pharmacist is a valuable and accessible healthcare professional and partner to aid in smoking cessation.

Appreciation of Contributions to PHAP

Top contributors were once again recognised for their excellent effort during the opening ceremony of the 23rd Singapore Pharmacy Congress on 17 Aug 2013. The awards were presented by the Chief Executive Officer of the Health Promotion Board (HPB), Mr Zee Yoong Kang.

Strengthening of PHAP

Mental Health has always been an integral part of PHAP. In 2013, this area was further strengthened with the new tripartite partnership among HPB, AIC, and PSS. With the inclusion of AIC, community pharmacists now have access to Integrated Champions for Community Mental Health Programme (iCHAMPs) support and resources. This facilitates provision of appropriate and valuable advice as well as avenues for referral to mental health services for those in need. Training in mental health expertise would also be provided to enhance capability and capacity of community pharmacists to contribute to mental health resilience in our community.

In October 2013, 112 community pharmacists and pre-registration pharmacists participated in a series of Continuing Education programme held over 3 sessions, titled "Respond to Insomnia". Conducted by an experienced psychiatric consultant, Dr Cornelia Chee, the sessions enhanced the capability of community pharmacists to provide early recognition of mental health issues. All attendees were subsequently certified as iCHAMPs providers.

Training of Future Practitioners

As part of the efforts to encourage pharmacists to be active health ambassadors early in their careers, HPB and PSS continued to participate in pre-registration pharmacist training actively. Between December 2013 and February 2014, 175 pre-registration pharmacists received a 3-hour introductory training to PHAP, Health Literacy, Health Choices and Motivational Interviewing.

Future initiatives:

a. E-learning for PHAP

In the 4th Quarter of year 2013, user-evaluation of E-learning was conducted by Community Chapter.

E-Learning would be rolled out by 2nd Quarter of year 2014, covering various topics on Chronic Diseases Management/ Health Promotion.

b. Expansion of Mental Health Training

Community Pharmacists can expect more Continuing Education sessions to build capability to provide mental health services. Topics would include:

- Communication Skills in Mental Health Issues
- Respond to Geriatric Symptoms

2. Advancing Access and Practice for Pharmacy-Only Medicines

Reclassification of Prescription medicines

PSS continued to work closely with HSA in the reclassification of medicines.

Initiatives to enhance reclassification process in 2013 included

- Produce patient information leaflets (PILs) for the reclassified medicines. These PILs are made available on the HSA website.
- Recommend suitable candidate drugs for reclassification
- Review practice concerning dispensing of reclassified medicines

Excellent Stakeholder & Partnership Award (ESPA)

PSS was awarded the Excellent Partnership Award by the Health Products Regulation Group (HPRG), HSA on 6th November 2013. For the first time, HPRG is introducing the ESPA event as a public platform to recognize exemplary behaviour and teamwork demonstrated by HPRG's stakeholders. Dr Amy Khor, Senior Minister of State (Health & Manpower) was the Guest-of-Honour for this award presentation ceremony.

Overview

This year the hospital chapter has representations from hospitals of different settings and levels of service, namely 6 restructured, 1 community and 1 private. The team was cohesive and showed great team work; with each representative sharing on their respective work practices and outlooks.

Our representatives were rather vocal, sharing their opinions as well as those of their colleagues. Thus, the team was able to identify new initiatives desired by pharmacists in different hospital settings. We engaged talents from various hospitals in initiatives that would benefit and grow other aspirants. These initiatives were customised by pharmacists, for the benefit of pharmacists. Through these engagements, we created platforms that allowed for the sharpening of skills and building of relationships.

PSS Hospital Chapter's objectives

- To raise the profile and skills of hospital pharmacists in Singapore
- To provide a platform for all hospital pharmacists to network and work together on initiatives of mutual benefit.

Key Activities for FY 2013/2014

(1) Inaugural biostatistics workshop customised for pharmacists

This initiative was a result of the desire to fulfil an identified need - to improve research and data analysis skills amongst hospital pharmacists. Pharmacists who are role models in research and use of biostatistics were engaged to present in this workshop.

The presenters equipped participants with skills essential for planning of research studies, collection and critical analysis of relevant and robust research data, and effective presentation of results in the professional and academic settings.

It also provided a platform for pharmacists with similar interest in research to network and brainstorm ideas; with the aim of bringing overall practice to a higher level.

(2) (a) "Pharmacist & The Geriatric Patient – A Discussion Forum By Pharmacists, For Pharmacists" and (b) Formation of The First Geriatric Special Interest Group

With the aging population, pharmacists need to be attuned to the healthcare needs of the geriatric patients. PSS Hospital Chapter was pleased to have facilitated this process through its inaugural geriatrics forum. In this discussion forum, we enlisted the help of the Pharmacist Specialist Accreditation Board (PSAB) accreditated specialist pharmacists in geriatrics to share their thoughts on ways to build capabilities, walk participants through selected case studies; as well as highlight the services a geriatric specialist pharmacist can provide.

Before the forum, the organisers worked with all the pharmacists of similar interest towards forming the first geriatric pharmacy special interest group in Singapore.

This forum also served as a primer for the geriatrics pre-congress workshop of the 24th Singapore Pharmacy Congress 2014. The main focus areas of this workshop are medication safety, avoidance of common pitfalls in the care of the geriatric patient as well as highlights of good evidence-based practices for this population.

(3) Online Case Studies

The hospital chapter continues to develop and upload online case studies as a continuing education resource in the PSS website under the 'For Members Only' section.

(4) "In The Spotlight"

The chapter established criteria for nomination of hospital pharmacists to be featured in PSS "In The Spotlight" segment. Different pharmacists nominated and accepted to be featured are showcased on the PSS website. This helped pharmacists develop a deeper understanding of their colleagues who are role models in various pharmacy practice areas and can be a spark to brand new relationships.

(5) Pharmacist's Letter (PL)

The chapter extracts pertinent information from the "Pharmacist's Letter" resource, an online medical journal, for dissemination to all members. The chapter also engaged community pharmacists for greater utilization of this resource. In line with this, a PL awareness drive was carried out as it was found that many members were not aware of this excellent resource provided for them.

Mr Justin De Silvia Mr Kok Zhi Wei

Mr Tan Khoon Bin, Ben

Mission:

To maximise the contribution of pharmacists to the healthcare of Singaporeans, by promoting best practices that influence the value chain from research, manufacturing, marketing and distribution of medication.

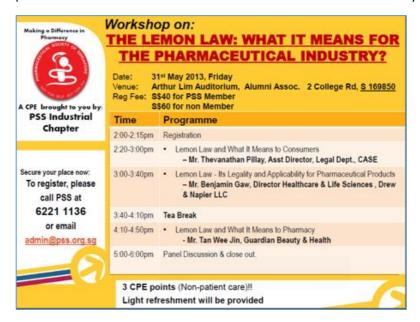

Report Summary:

Industry Chapter's key focus was engagement of members and future pharmacy students who have a keen interest in the pharmaceutical industry. To achieve this, the Chapter organised two continuing education sessions and reached out to 160 members. The chapter also engaged members online by starting a Facebook and a LinkedIn page. A career talk was also conducted to introduce Pharmacy students from the National University of Singapore to the pharmaceutical industry and a total of 175 students turned up for the talk.

Report Details:

1. Continuing Education Session

i. Workshop: "The Lemon Law: What It Means for the Pharmaceutical Industry"

This workshop was the first PSS Industry Chapter event for 2013 where we invited distinguished speakers from both the legal and pharmaceutical sectors to speak on the controversial Lemon Law. The workshop was split into three individual sessions and ended with an interactive panel discussion. Each of our distinguished speakers spoke passionately about how the Lemon Law applies to the

sector of the pharmaceutical industry they are in. The workshop garnered a rather large turnout where more than 60 members were present to participate and find out how the Lemon Law will affect them in their practice. From the response, it was concluded that there is a great interest in this topic from fellow healthcare professionals and more of such events should be held.

i. Talk: "RA and QA Career Pathway, Opportunities and Challenges in the Pharmaceutical Industry"

The second Chapter event was on a topic highly relevant to pharmacists who are keen on finding out more about a career in the pharmaceutical industry and what it entails. Four speakers representing regulatory & quality assurance professionals, regulators, and recruiters gave their insights on career opportunities and challenges in regulatory affairs and quality assurance. The talk attracted a strong turnout of 100 participants. The Q & A session was highly interactive and many questions were posed by the audience. It was indeed a fruitful session that fulfilled its purpose.

2. Set-up of PSS Industry Chapter Face Book & LinkedIn Page

On 12 June 2013, PSS Industry Chapter Facebook was officially set up. The page was intended as a platform for communication with and among pharmacists working in the industry sector.

3. Outreach to Future Practitioners

On 13 January 2014, Industry Chapter representative, Ms Tracy Chean gave a talk to 175 National University of Singapore Year 3 Pharmacy students on "A Career in Pharmaceutical Regulatory Affairs" at the start of their module on Pharmacy Law. The session gave a first-hand account on her career history, what inspired her to embark on a career in regulatory affairs and her opinion to why regulatory affairs are important. This outreach programme was conducted to introduce the profession to and encourage the future generation of pharmacists to become regulatory professionals.

An example of encouraging verbatim from an attendee:

"Firstly I would like to thank you for delivering a very inspiring presentation today. You made regulatory affairs sound fun.

I have actually been to the RA/OA seminar you hosted last year in October but I was not as interested in regulatory affairs until you presented today."

WSQ CERTIFIED PHARMACY TECHNICIAN COURSE AND CERTIFIED PHARMACY ASSISSTANT COURSE

The Certified Pharmacy Technician Course (CPTC) was first started by PSS some 19 years ago to meet the needs of the increasingly sophisticated pharmacy services. This came in the wake of the rapid transformation of community and hospital pharmacy services and coincided timely with the restructuring and extensive transformation of public hospitals, foregoing the post-colonial system in favour of modernization and contemporary clinical pharmacy services.

The CPTC has hitherto been playing a key role in enabling the progression of various clinical pharmacy services, and it has since been the de facto standard adopted by many Pharmacy Managers as one of the qualifications for Pharmacy Technicians' job advancement and recognition. Since September 2009, PSS has been granted WDA Approved Training Organisation status and we have since been delivering the CPTC in the nationally recognized format (WSQ-compliant CPTC course) to many trainees.

August 2012 and January 2013 marked the commencement of the 22nd and 23rd CPTC, respectively, where there were 32 enrolled candidates. By November 2013, all 32 candidates completed their part-time training and were awarded their CPTC certificates at PSS on 20 December 2013.

Group photo of the graduates with the trainers and PSS President Ms Miko Thum and CPTC Management Representative Mr Ng Cheng Tiang

Some of the happy graduates with their favourite trainers Mr Kong Ming Chai and Mr Khu Jia Vui

With 2 more new hospitals scheduled to commission in the coming years, we would certainly anticipate busy months ahead. We are preparing to roll out additional intakes and enrolling more candidates to help ensure that there will be sufficient new Pharmacy Technicians being trained in time to join the growing pool of healthcare support workforce needed to ensure that our health system can continue to deliver the desirable level and quality of services to meet the growing demands.

On behalf of PSS, I would like to express our heartfelt gratitude to all the trainers, assessors, course developers and coordinators who have tirelessly devoted their numerous evenings, surely after their demanding day jobs, to ensure that the CPTC continues to run smoothly and contributing to the betterment of Singapore's overall healthcare system.

The annual pre-registration pharmacists' training programme is organised by PSS to ensure that preregistration pharmacists are equipped with the necessary skills and knowledge to practice as pharmacists.

The committee consists of pre-registration training coordinators representing the various training institutions.

This year, we have a total of 172 pre-registration pharmacists from both the hospital and community sectors. Of these, some are graduates from overseas universities seeking a Pharmacy career in Singapore.

Objectives

To provide pre-registration pharmacists with training to ensure they are able to practice safely and effectively through the following:

- Facilitate the application of the academic knowledge they have learned to practice;
- Emphasise the importance of adhering to the rules, regulations and principles governing safe medicine use, and code of ethics of a pharmacist;
- Co-ordinate the contributions of all training institutions to ensure the delivery of a well-rounded and comprehensive training;
- Promote the development of professional relationships and networking within and between individual pre-registration pharmacists, pharmacists, and other healthcare professionals;

- Articulate the myriad possibilities within the pharmacy profession that pre-registration pharmacists can pursue in terms of career and professional development.

Key Activities/Information given in FY2013/2014

- The opening ceremony was jointly organised by Singapore Pharmacy Council (SPC) and PSS. Associate Professor Chui Wai Keung (Head of Department, NUS Pharmacy) gave the opening speech to the new batch of pre-registration pharmacists. Ms Lita Chew (Chief Pharmacist, MOH) and Ms Miko Thum (President, PSS) subsequently briefed them on the training programme and gave them a better understanding of the expectations of the training programme.
- Ms Felicia Ling (Executive Secretary, SPC) went through an overview of the pre-registration training programme and Dr Chan Hong Ngee (SPC Board of Examiners) briefed them on the SPC competency standards and examination.
- Pre-registration pharmacists were also advised on the training schedule, the rules and regulations of the training sessions and payment of the training fees.
- Training sessions were scheduled approximately every 2 weeks. Invited speakers are healthcare professionals practising in both patient-care and non-patient care areas (e.g. regulatory, research and sales).
- The Pharmacist Health Ambassador Programme was conducted in collaboration with Health Promotion Board. The focus was on promotion of health literacy, motivational interviewing and opportunistic counseling for customers in contact with pharmacists. The preregistration pharmacists also completed the e-learning module for Certified Quit Smoking Consultant Course Level 1.

PUBLIC EDUCATION CHAPTER

Ex-Officio: Ms Tan Swee Chin

Mr Anson Lim

Chairperson: Ms Sharene Goh Shiar Yin

Members: Mr Felix Li

Mr Edmund Liew Ms Mandy Tam

Introduction

Pharmacists are actively taking up the role of improving the general health of the public. Today, pharmacists are not only regarded as the trusted link between patients and their doctors, we also play a critical role as educator as well as reliable source of information and advice to the public.

Objectives

- To inform, educate, and empower the public with knowledge on health issues, such as minor ailments, chronic conditions and environmental hazards
- To establish pharmacists' role in promoting physical and mental health, as well as prevention of disease, injury, and disability for the general public
- To support self-care and responsible self-medication with non-prescription medicines among the public, with appropriate and timely referral to healthcare professionals

Activities

1. Pharmacy Week 2013

After the establishment of the new committee, members were actively involved in the Pharmacy Week 2013 preparations, including content development for posters using for exhibition during Pharmacy Week.

Pharmacy Week logo 2013 - "Just Ask! Your Pharmacist"

2. PSS Website Revamp

Committee members contributed actively by writing articles related to health supplements, minor ailments, chronic conditions, as well as travel medications to educate the public.

In addition, the Public Education Committee consolidated, organised and uploaded Patient Information Leaflets (PILs) provided by various local institutions for easy access by the public.

We also conceptualised the layout for the website, specifically for the page for public domain.

3. Public Talks

In line with the society's mission to maximise the contribution of pharmacists to the healthcare of Singaporeans, the Public Education Committee has been conducting talks regularly for the public, as well as participating actively in community outreach programmes.

We work closely with HPB as well as the Community Development Council (CDC) in organising events, such as "Know Your Medicines, Get It Right!" medication reviews. In such events, pharmacists discuss safe use of medicines, provide guidance on healthy lifestyle, as well as address questions and concerns from the residents or the caregivers of the elderly patients regarding appropriate use of supplements and medications.

4. Medication Review in the Community

PSS partnered with the Ministry of Health, City for All Ages, Aging Planning Office (APO) for a pilot home medication review for a group of residents at Whampoa. PSS pharmacists (Ms Oh Wan Lin, Dr Vivianne Shih and Ms Miko Thum) worked in pairs with pre-registration pharmacists (Mr Jason Quek, Mr Kek Zhen Liang) and pharmacy technician (Ms Low Ying You) and visited the homes of residents identified by the APO. Although it was a small group of residents, valuable experience that could better facilitate future sessions were gained. Residents were very happy to see our volunteer pharmacists and had many of their health related queries answered.

5. Interactive Quizzes

Moving forward, the committee members would like to engage the public to participate actively in understanding and managing minor ailments and health conditions through online interactive quizzes. Visit the PSS website regularly to get our latest updates!

MEMBERSHIP COMMITTEE

Ex-Officio : Ms Miko Thum

Dr Vivianne Shih

In the year 2013, there was a decline in membership. We had 1,539 members in 2012 and it fell to 1,100 in 2013.

Summary of Membership by the Various Categories:

- Honorary Members No candidate was nominated throughout 2013.
- Fellow Members Ms Ang Hui Gek, Associate Professor Chan Sui Yung, Associate Professor Chui Wai Keung and Mr Wu Tuck Seng were elected as Fellows of PSS for their distinguished contribution to the profession.
- Life Members –This membership category recognises members who have made constant contribution to the society throughout many years. In 2013, 3 new Life members (2.6% increment) were designated.
- Ordinary Members There was a 38.4% decline in Ordinary membership, in the year 2013.
- Overseas Members There was no change in membership numbers for this category.
- Associate Members In 2013, there was an 11.7% increase in Associate membership.
- Student Members The number of Student members doubled in 2013.

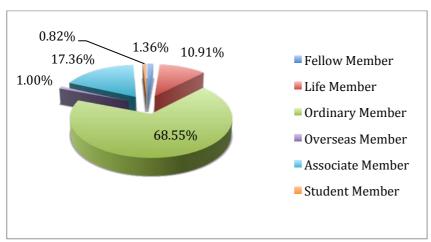

Fig 1: Percentage breakdown of membership into various categories as of Dec 2013

Objective

• To encourage all registered pharmacists in Singapore to become members of PSS, enabling the society to be an active voice for the pharmacy profession.

Activities

PSS members have continued to enjoy free monthly Continuing Pharmacist Education sessions conducted by PSS whereas non-PSS members would be charged \$40 per session. In 2013, various workshops and networking sessions were conducted and they received very good response. We will continue to work with the respective PSS chapters to increase the types of CE offered to better cater to the needs of pharmacists from various sectors. Upcoming plans include online continuing education materials, that would be made available on the PSS website to provide our members with an additional avenue to earn their CPE points. Our members would continue to receive discounted registration fees for the annual Singapore Pharmacy Congress as well as given free access to the valuable resource –Pharmacist's Letter.

In order to better understand our members, a survey was recently conducted among members who have not paid their membership dues with the aim of determining the reasons for non-payment and the type of membership benefits they would like to enjoy. Most of the respondents had expressed that one of the main reasons for not re-joining PSS as members was because they had to pay back all back dues of membership fees. Henceforth, this year, the Council has taken an active stand to terminate members who have not paid their past dues. However, prior to this, the Council and secretariat, to our best efforts, had engaged these members either by personally contacting them or through multiple email reminders. Thus, there was an expected 38.4% decline in the ordinary membership in 2013.

Based on the feedback obtained from the survey, more than half of the respondents had chosen credit card as the preferred mode of payment. We have since started work and online renewal of membership fees will be implemented in the second quarter of 2014. Other benefits that have been cited include discounts for professional resources, professional indemnity through PSS, career guidance and networking. Similarly, PSS has started preliminary discussions with professional indemnity providers so as to be able to offer our members the protection that they need. There are various public outreach activities being planned for the coming year and we sincerely hope that our members would actively participate in them.

Once again, the committee would like to thank our members who have made contribution to PSS for the past year and we look forward to your continual support. We will continue to strive to provide more benefits for our members.

COMMUNICATIONS CHAPTER

Ex-officio : Ms Fatimah Moideen Kutty

Members : Ms Janice Chan

Ms Miko Thum Ms Joyce Tan

Objectives

- To serve as the sounding board and communication conduit for the Society
- To maintain a constant updates for the website and e-Bulletin
- To coordinate media activities

Activities

The various media channels were engaged by PSS this year; they included the newspapers, advertising panels on the MRT trains as well as on the TV screen. These mediums were great opportunities for us to update the public on issues related to medication management, medication safety and the affordability of medication.

During the Singapore Pharmacy Congress 2013, we successfully engaged The Straits Times, which gave a substantial coverage with topics on "Pharmacists with Specialist Title" and "Free help for Diabetes Sufferers". In September 2013, PSS responded to The Straits Times Forum on the topic "Pharmacists can help patients make informed choices". The write up generated a flurry of discussions from the public on the online forum with regards to managing cost and having affordable medications.

The communication committee also worked with the pharmacy week committee to run an advertising campaign with SMRT. Train panels articulating the message of how your pharmacist can help with medication management were successfully put up on the North-South and East-West line in October 2013 and January 2014.

One of our community pharmacists was also featured in an interview on Channel News Asia AM Live on the 10th of January 2014. The interview was a good opportunity to clarify the use of multivitamins in the general population.

E-bulletins were sent out every month to keep our members informed on the various activities in the pharmaceutical scene and opportunities in the job industry. We are also keeping up the effort in improving the content on our website, making sure it is updated with relevant educational materials to the public, including information on the haze and dengue fever. We will be embarking on phase 3 of website improvement to enable members to make payment for their membership fees online. This would be ready in the second quarter of 2014.

YOUNG PHARMACISTS CHAPTER

Ex-officio : Mr Anson Lim

Dr Chew Eng Hui

Chairperson : Mr Roman Lester Rosales

Members : Mr Geoffrey Chai

Mr Tan Wee Pin Ms Alicia Ong Ms Agnes Wong Ms Tran Anh Nhi

The PSS Young Pharmacists Chapter (YPC) was formed to provide a channel for young pharmacists to convene, voice their opinions and bring about positive changes to pharmacy practice in Singapore. In 2013, under the guidance of ex-officio Mr Anson Lim and Dr Chew Eng Hui from the PSS Council, a new batch of YPC members was recruited. With a renewed zest in engaging young pharmacists and planning more activities focused on forming a more closely-knitted and united profession, the YPC aims to harness the drive and interest of young pharmacists, translating into an influential voice in the pharmacy profession in Singapore.

Sharing Sessions

In line with YPC's objective of engaging younger pharmacists from various disciplines of the profession, the chapter organised a series of sharing sessions where industry leaders and seniors shared their experiences in their field of practice. The sharing sessions were aimed at broadening young pharmacists' perspectives on the future of their pharmacy career by allowing them to hear directly from their seniors and getting their questions answered and doubts clarified.

On 16 November 2013, 'Sharing Session 1 – Clinical Practice' was held at the PSS Conference Room. In the first sharing session, the focus was on clinical practice and the different paths pharmacists in the clinical field could take. Dr Doreen Tan from Khoo Teck Puat Hospital, Ms Lim Siew Woon from National University Health Services and Ms Ng Hong Yen from Singapore General Hospital shared their experiences, their thoughts on the future of clinical practice in Singapore and their advice for the young pharmacists who would like to pursue a more in-depth clinical career. The small group, informal session allowed the speakers and the attendees to interact directly.

The next sharing session is intended to focus on the other fields of pharmacy practice in Singapore (e.g. industrial pharmacy, regulatory and academia).

Social BBQ Event

As part of YPC's aim of identifying the needs and organising programmes for young pharmacists, a social BBQ event is being planned to allow a more fun-filled, laid-back session for young pharmacists to socialise and interact with one another. It is important for young pharmacists to get to know one another, especially to build rapport between local and foreign-trained pharmacists. The event is slated to be held in March 2014.

Moving Forward

In order to form and develop a Young Pharmacist Group that can represent Singapore/PSS at a regional and international level, YPC is trying to build relationships with international young pharmacists organisations. One such example is the Asian Young Pharmacists Group (AYPG), which is

an association of young pharmacists groups in Asia. Through such collaborations, YPC may benefit from the exchange of ideas, bringing PSS YPC to the regional arena.

The year 2013 has proven to be a fruitful one for YPC. With the few events lined up in the first quarter of 2014, the chapter aims to engage more young pharmacists, maximising their contribution to the healthcare of Singaporeans.

The 23rd Singapore Pharmacy Congress (SPC) was successfully held at the Grand Copthorne Waterfront Hotel, Singapore on 17-18 August 2013. The theme for the Congress was "Transforming Pharmacy Practice, Towards New Horizons in Healthcare". The Congress and the series of precongress workshops held between 14 and 17 August 2013 at various sites were attended by approximately 1300 pharmacists and colleagues from various pharmaceutical sectors.

Dr. Amy Khor, Senior Minister of State for Health and Manpower, who graced the occasion as the Guest-of-Honour, delivered a speech at the opening ceremony. She urged pharmacists to collaborate more closely and effectively within and beyond the pharmacy community to provide patient-centric and holistic care, and to align pharmacy practices with the vision of Healthcare 2020 towards improving the quality, accessibility, and affordability of healthcare to meet the growing needs of Singaporeans.

The opening ceremony featured a laser show performance with images and effects specially designed to feature and portray the Congress theme where the various pharmacy practice sectors and stakeholders work hand in hand in transforming pharmacy practice to scale greater heights in healthcare collectively. At the opening ceremony, a total of 5 PSS awards (PSS Student Overseas Enrichment award, PSS-Shire Hospital Pharmacist of the Year award, PSS-LF Asia Community Pharmacist of the Year award, PSS-ICM Industry Pharmacist of the Year award) were given to pharmacists with outstanding contributions to the profession and healthcare in the year 2013. In addition, 10 Pharmacy Health Ambassador Awards were presented by Mr. Zee Yoong Kang, CEO of the Health Promotion Board. This signified PSS's continued collaboration with external agencies and being the valued partner.

A series of pre-congress workshops (4 offsite and 2 onsite) kicked off the main Congress. For the first time, PSS organised a workshop for preceptors "Developing Facilitation, Coaching, and Leadership Capabilities for Preceptors" that aimed to equip preceptors with soft skills critical for engaging and developing the next generation of pharmacists. The other workshops - "Pharmacy Technicians' Continuing Education Workshop", "Changing Paradigms in Haematology-Oncology Pharmacy Practice: The Age of Individualised Medicine", "Heart-to-Heart: Pharmacists in the Care of Cardiac Patients", "Mental Health: Basics of Patient Interview for Pharmacists" as well as the session for preregistration pharmacists with invited speaker Professor Robert Straka (Head of Department, Experimental and Clinical Pharmacology Department, College of Pharmacy, University of Minnesota) on "Updates and Pharmacogenomics in the Management of Patients with Cardiovascular Conditions" were very well received.

With transforming and advancing pharmacy practice towards excellence and new horizons in healthcare to meet the growing needs in an evolving healthcare landscape as the primary focus, a wide range of topics from all sectors of pharmacy practice including hospital pharmacy, community practice, academia, industrial pharmacy, regulatory affairs, pharmacy research, and pharmacy in the age of information technology was included in the programme. Together with the keynote lecture,

the plenary sessions and satellite symposia provided useful insights into novel approaches to providing quality care as well as updates on the most recent developments and advances in pharmacy practice.

The Keynote lecture was delivered by Dr Rita Shane (Director, Pharmacy Services, Cedars-Sinai Medical Center and Assistant Dean, Clinical Pharmacy, University of California, San Francisco School of Pharmacy). She was also the ASHP Harvey A.K. Whitney Lecture Award recipient in 2012. Dr. Shane also delivered a plenary lecture on "Collaborative Practice to Ensure Safe Use of Medications".

One of the highlights of the 23rd SPC was the plenary session "Pharmacogenomics: A Step Towards Personalised Medicine", jointly delivered by Professor Pamala Jacobson (Director, Clinical Pharmacology Core, Masonic Cancer Center, University of Minnesota), and Dr Dorothy Toh (Director, Vigilance Branch, Health Product Regulation Group, Health Sciences Authority, Singapore), which depicted the roles pharmacists can play in the era of individualised medicine. Another very well received plenary session was "Medico-legal Issues for Pharmacists - Now and Future" which included a lecture on "Recent Development - Legal Liabilities Facing Pharmacists" delivered by Ms Rebecca Chew (Partner, Rajah and Tann LLP), followed by a discussion forum where our panelists including Ms Rebecca Chew, Dr Camilla Wong (Deputy Director, Allied Health, Singapore General Hospital), Mr Wu Tuck Seng (Deputy Director, Department of Pharmacy, National University Health System; Chairman, National Medication Safety Taskforce), Ms Tan Swee Chin (Manager, Pharmacy Practice, Unity Healthcare), and Ms Tan Mui Ling (Senior Lecturer, Department of Pharmacy, National University of Singapore; Member, Medical Legal Society of Singapore) had an engaging and interactive session with the audience on medico-legal issues for pharmacists in Singapore. Other plenary speakers included, Assistant Professor Lita Chew (Chief Pharmacist, Ministry of Health), Associate Professor Chui Wai Keung (Head, Department of Pharmacy, National University of Singapore), and Ms Miko Thum (President, Pharmaceutical Society of Singapore).

A poster exhibition showcasing the works and initiatives in the 4 main areas namely, Medication Safety, Clinical care, Education & Training, and Research by pharmacists in patient care areas was also featured at the congress. A lunch meeting was organised to facilitate discussions between Dr Rita Shane and the various pharmacy leaders, looking into implementing the various initiatives in the Institute of Pharmacy Report in the local setting.

This Congress would not have been possible without the dedication, commitment and tireless efforts of the organising committee. I would like to take this opportunity to thank and acknowledge each and every one of them, as well as all the distinguished speakers, judges, corporate sponsors, PSS Council and advisors, and the congress secretariat.

Objectives:

To continue raising health literacy of the general public in Singapore and promoting the Pharmacist as "Your Health Ambassador" through the "Just Ask Your Pharmacist" campaign for the second year. This year, the Pharmacy Week was held from 14th to 20th October 2013.

Activities:

The Pharmacy Week team this year carried on with the theme of "Just Ask Your Pharmacist" in view of the successful campaign last year. This year's Pharmacy Week focused on encouraging the public to ask the Pharmacist any health and medication related questions on behalf of their loved ones, especially the elderly and young children. Elderly folks with multiple medications are targets for our medication reviews island wide. We also targeted parents with young children to promote safe drug use in this vulnerable population.

1. Production and display of train panel board advertisements on SMRT East-West and North-South line

In line with the theme of "Just Ask" on behalf of your loved ones, the panel boards featured two designs, one with an elderly man being confused about his medicine, as well as a girl asking what a child dose is. The panel boards received positive feedback for being a novel and effective channel to reach out to the general public.

2. Production and distribution of a series of public education posters- These posters were on display at all healthcare institutions. Posters were specially designed to allow for display all year round with better outreach.

With feedback from last year, the Public Education team decided to focus on conveying 4 main messages this year. Two posters focused on the role of pharmacists, and how pharmacists are able to help with various healthcare needs. The other two posters were educational posters, with the aim of promoting safe use of drugs, and the availability of drugs. Highlights of the posters included:

- Minor Ailments: What can your pharmacist help you with for minor ailments
- Smoking cessation: Your pharmacist can aid you through your smoking cessation journey
- Legal classification of drugs in Singapore: What is POM, Pharmacy only and General Sales List
- Medication List: How to compute a medication list from the medication labels
- Publicity posters in English and Chinese for free medication review

3. First ever Pharmacy Week printed tissue packets- The team aimed to maximise outreach of publicity materials to the public. It was a challenge to come up with a public education material with a higher utility value. The team eventually decided to print the "Just Ask" logo as well the Medication List on tissue packets for distribution to the general public. The tissue packets were attractive and re-useable, and thus very well-received.

- 4. Broadcast of 'Just Ask' video at restructured hospitals and polyclinics on healthyMetv through collaboration with the Health Promotion Board.
- 5. Collaboration with NUS Pharmaceutical Society to bring the "Just Ask" campaign into NUS.

Pharmacy Week 2013 has been a successful campaign and the team wishes to express our gratitude to all pharmacy directors, managers, pharmacists and pharmacy staff for their participation. Without your support this event would not have been possible. Last but not least, many thanks to our kind sponsors and collaborators.

PSS PHARMACIST VOLUNTEER SERVICE FOR DOVER PARK HOSPICE (DPH) AND HOSPICE CARE ASSOCIATION (HCA)

Chairperson: Mr Wu Tuck Seng

Ms May Kwan
Ms Oh Ching Ching
Ms Irene Quay
Ms Ellen Sem
Dr Viviane Shih
Ms Miko Thum
Ms Yeo Soo Lam

Briefly, the PSS pharmacist volunteer service for DPH started in1998 with the aim of helping to ensure safe medication use through proper storage and handling of medicines. In 2000, the service was extended to HCA. Volunteers review donated medicines and see if they can recycle them safely to reduce cost. They pre-pack medicines for inpatient use at DPH and pack ready-to-use packets of medicines for home visits by the HCA doctors and nurses. The volunteers take turns to provide this service every Saturday for about 2 – 3 hours each time.

For 2013, the PSS pharmacist volunteers took on more inventory management and monitoring work at DPH to assist the nurses.

Doctors, nurses and staff of DPH with PSS Pharmacist Volunteers

PSS also organized the biannual training programme, 6th PSS Basic Pharmaceutical Course for Palliative Care Nurses. The objectives of this course are:

- To familiarise palliative nurses with drugs, dispensing, and symptom management
- To equip palliative nurses with basic knowledge and skills of pharmacology, management of drugs (inventory control, forensic law) drug-drug interactions, medication errors, drug formulation and pain management

This was held from 19 August 2013 to 14 October 2013. A total of 35 nurses attended the course. They were from various institutions, including hospices under the Singapore Hospice Council umbrella, other hospices and restructured hospitals. A total of 33 nurses sat for the exam and 28 passed the course and received certificates of completion whilst 7 received only certificate of attendance. Lee Foundation graciously sponsored this course for which PSS is grateful. A graduation ceremony was held on 26 October 2013 at the HCA auditorium which was graced by PSS Vice President Dr Vivianne Shih and Dr Wu Huei Yaw, Medical Director of DPH.

 6^{th} PSS Basic Pharmaceutical Course for Palliative Care Nurses Graduation Photo

The volunteer pharmacists had one meeting with DPH management on 23 February 2013 and updated the DPH drug list (1 drug deleted, 6 new drugs added) as well as par levels. Home care service patient volume is now constant and there was a request to pack morphine syrup into smaller bottles for use by home care patients. Volunteers continue to key in the availability of non-standard drug stocks in the DPH computer for tracking purposes and to ensure no stock outs.

PSS pharmacist volunteers conducted a total of 52 medication reviews and repackaging sessions at DPH and HCA.

We are very grateful for all the help given by the volunteers and their unstinting spirit of giving of their time and knowledge to help the less fortunate. The PSS volunteer pharmacists' enthusiasm and dedication earned praises from DPH and HCA doctors and nurses.

Pharmacists who are interested to volunteer, please contact Tuck Seng at rlwts7@gmail.com or call 67725007.

Medication Safety in Nursing Homes

AlC and PSS jointly launched a pilot programme for pharmaceutical care in the Voluntary Welfare Organization (VWO) nursing homes with the signing of Memorandum of Understanding (MOU) on 16 July 2011 by the then PSS President Ms Christine Teng and Dr Jason Cheah, Chief Executive Officer of AlC.

AIC is the agency set up to promote and enhance integration of Intermediate and Long-Term Care sector, to realise the vision of a more integrated healthcare system in Singapore.

AIC and PSS collaborated and implemented a "Pharmaceutical Care Programme", which aimed to enhance the capability of nursing homes (NH) in managing their residents' medication more effectively. The scope of the Programme included:

- a) Medication review and reconciliation for residents in the nursing home;
- b) Improve medication use and safety, minimising any potential errors or near-miss in the nursing homes, by drawing up policies and procedures with the NH.
- c) Training and support of nursing care staff, to ensure that the staff has a better understanding of the medications being served to residents and safe medication practices in the NH.

As of end December 2012, we have completed the pilot for the 6 NH and 2 hospices participating in the programme. Community Pharmacists from Guardian, National Healthcare Group Polyclinic Pharmacy, Unity Healthcare and Watsons were involved in providing the services to these NH and Hospices.

The results of the pilot and PSS recommendations were presented to AIC management, followed by joint presentation with AIC to MOH senior management in 2013.

Concurrently, Ms Christine Teng represented PSS in the development of Enhanced Nursing Home Standards 2014, which was launched in January 2014. These standards would become effective in 2015, giving NH time to adapt to the new requirement.

NATIONAL UNIVERSITY OF SINGAPORE PHARMACEUTICAL SOCIETY (NUSPS)

NUSPS is the student body representing the pharmacy undergraduates in NUS. PSS has been collaborating with NUSPS in their Brown Bagging activity since 2010. Brown Bagging is a student-led medication review event organised by the E-Med Committee, a voluntary wing of NUSPS committed to planning and taking part in health-related volunteer work to guide elderly patients on the safe and proper use of medications. Other than helping the elderly to maximize the therapeutic effects of their medication with medication safety in mind, Brown Bagging also strives to reach out to the community to educate the public about the role of pharmacists as the trustworthy medication experts and caring partners in their health. Through working with the pharmacists, students gain opportunities not only to apply their drug knowledge and practise their patient counselling and communications skills, but also foster closer relations with the pharmacists.

Collaborations between NUSPS, North West Community Development Council (CDC) and PSS – Launch of "Know Your Medicines, Get It Right! @ North West"

Since 2011, the Brown Bagging event has evolved into a formal collaboration between NUSPS and PSS in partnership with North West CDC (NWCDC). 'Know Your Medicines, Get it Right! @ Northwest' is a 3-year programme that aims to harness the energy of NUS Pharmacy undergraduates and expertise of registered pharmacists in making a positive contribution to the community. Under this programme, NUSPS, PSS and NWCDC partner with voluntary welfare organisations, neighbourhood links, senior activity centres and North West Grassroots Organisations in reaching out to more senior citizens in North West District. Since its launch in July 2011, "Know Your Medicines. Get It Right!" Brown Bagging events have been roving to different areas in the North West District and have benefited more than 600 elderly.

In 2013, "Know Your Medicines, Get It Right! @ North West" was held 2 times – 24 February at Chong Pang Community Club with Minister K Shanmugam as guest-of-honour (121 elderly participated), and 31st August at Block 306 & 306A Clementi Ave (147 elderly participated).

Pharmacists and "Pharmacists-to-be" reaching out to the community.

A brief write-up published in CDC's Cohesion magazine where the "Know Your Medicines, Get It Right! @ North West" was highlighted.

With the 3-year programme coming to an end in 2013, NUSPS and PSS have renewed our collaborations with NWCDC in 2014. The next "Know Your Medicines, Get It Right! @ North West" Brown Bagging event had been held on 22 February 2014 at the Linkhouse at Block 633 Senja Road with Mr Liang Eng Hwa, Member of Parliament for Holland-Bukit Timah GRC as Guest-of-Honour.

NUSPS and PSS seek this opportunity to thank all volunteers whose selfless contributions over the past Brown Bagging events have benefitted the community. NUSPS and PSS will continue to collaborate on such community outreach initiatives and we would like to encourage pharmacists to come forward as volunteers in subsequent Brown Bagging events.

Please email Dr Chew Eng Hui (phaceh@nus.edu.sg) if you like to volunteer for such Brown Bagging outreach events in the future.
