

## **DOING WORK THAT MATTERS. A career at Baxter.**

**Baxter** is a global diversified healthcare company that develops products and therapies to make a meaningful difference in the lives of people with hemophilia, kidney disease, immune disorders and other chronic and acute conditions.

Whether you are interested in medical devices, biotechnology or pharmaceuticals – or all three – Baxter offers you the opportunity to explore the path that is right for you. Our combined expertise in these areas is unique. Baxter hires a variety of talented and driven people with diverse skill sets and backgrounds.

In line with the growth of **Baxter Healthcare (Asia) Pte Ltd**, we have current and future opportunities for the following positions:

### **PHARMACIST**

You will assist in the day to day operations of the compounding facility to meet efficient production and service standards. This includes supervising the compounding of intravenous drug solution and/or nutrition products or other pharmaceuticals in accordance with prescriptions. You will be responsible for ensuring compliance with standard operating procedures (SOPs), quality assurance and JCI, PIC/S, internal Baxter, local regulations and cGMP standards. You will also conduct final quality checks of prescription prior to dispensing/releasing products. Your position also entails liaising with internal and external customers/suppliers relating to services and quality requirements.

#### *Position Specifications:*

- Degree in Pharmacy. Pharmacists with practicing license from Singapore are preferred.
- 1-2 years working experience in a hospital and/or cleanroom environment an advantage.
- Must be able to work 5 ½ days per week.
- Ability to work in fast-paced environment with accuracy
- Good communication skills to relate with all people of all levels
- Excellent teamwork qualities especially in small team-setting.

### **PHARMACY TECHNICIAN**

You will be responsible for efficient product compounding under aseptic condition for safe and timely product preparation to meet customers' needs. You will assist the pharmacist as directed including filling orders and preparing labels as well as inventory control and management. You will order base materials and disposables from internal and external BPS center suppliers.

#### *Position Specifications:*

- Graduate with Diploma in Biomedical, or GCE 'A' level with 1-2 years relevant experience
- Certified Pharmacy Technicians would have an advantage
- Must be able to work 5 ½ days per week.
- Ability to work in a fast-paced environment with accuracy
- Ability to relate to people of all levels with excellent communication skills

You too can join Baxter and make a difference for millions of people around the world. Please send in your resume, clearly stating the position applied for to **singapore\_shs\_hrjobs@baxter.com** by December 18, 2008. Regrettably, only shortlisted candidates will be notified. Remuneration and position title will commensurate with experience. Baxter Healthcare (Asia) Pte Ltd is located at 150 Beach Road #30-01 Gateway West Singapore 189720.
