

Mundipharma is one of the world leaders in the development and marketing of analgesics for the treatment of moderate to severe pain. Its product range covers immediate and controlled release analgesics (such as controlled release tablets). Mundipharma's opioid analgesics including OXYCONTIN® and MST CONTINUS® have become the worldwide reference products for relieving chronic moderate to severe pain caused by cancer and other non-malignant, conditions.

Due to expansion in our Sales function for Mundipharma Pharmaceuticals Pte Ltd, we are looking for a Product Manager for this newly created position.

Product Manager

Key responsibilities:

- ◆ Oversee new product launches including liaison with marketing to design sales campaigns and promotional materials
- ◆ Monitor sales volume, revenues and cost against forecast; and adapt plans to improve the sales performance of the product
- ◆ Monitor, analyse, and evaluate product performance and customer feedback to identify product features that need to be changed to meet customer needs and liaise with other areas of the organization to implement these changes
- ◆ Maintain and apply for relevant licences to facilitate importation and marketing of related drug products
- ◆ Provide the oversight of the licensing and regulatory compliance of all products marketed in Singapore.
- ◆ Gather regulatory/market intelligence

Requirements:

- ◆ Recognised Degree in Pharmacy and registered with the Singapore Pharmacy Council
- ◆ Team player with good interpersonal and communication skills
- ◆ Strong drive for results
- ◆ Able to work independently
- ◆ Proficient in both written and spoken English
