### WHO SHOULD ATTEND?

This 1-day compact yet comprehensive workshop presents the latest summary of GDP principles contextualized for local industrial settings. It is a MUST for staff & management involved in this wide spectrum of roles within the regulated pharma & device industry – eg. storage, distribution operations, logistics, facilities & equipment, IT, quality management. Participants considering a job in the vibrant logistics & supply chain function could also attend as an induction to the discipline. You can look forward to interacting with professionals involved in any of these areas:

- GDP compliance
- Quality Management
- QA, QC & validation
- Regulatory Affairs
- Supply Chain
- Distribution & 3PL services
- Risk management
- Material planning & procurement
- Facilities

### FEATURING THE FACILITATOR
