

RafflesHospital

Raffles Hospital is a private tertiary hospital in Singapore, with multi-disciplinary specialist medical centres. The Hospital, which operates as the largest specialist group practice in Singapore, is seeking to further expand its services to meet the needs of its patients.

Manager, Pharmacy

You will be responsible for overall management of the pharmacy services in Raffles Medical Group. This comprises planning, development and putting into operation all aspects of pharmacy services, including purchasing, medication management, dispensing, and drug information.

You will lead the pharmacy team to achieve a high standard of clinical quality and patient safety, as well as a cost-effective pharmacy services.

You must be self-driven, able to lead, motivate and inspire the pharmacy team to bring out the best in them and to achieve patient and client satisfaction and organisational goals.

You should have a recognised Degree in Pharmacy and be registered with the Singapore Pharmacy Council with a minimum of 7 years' experience in Hospital Pharmacy.

Pharmacist

You will assist in planning and co-ordinating daily workflow to ensure prompt and accurate delivery of services. You will also organise, control and supervise the dispensing of medication according to protocol and legal requirements. In addition, you will ensure availability of supplies and provide drug information to patients and healthcare professionals. Your other duties include supervision of Pharmacy Technicians under your care.

You should have a recognised Degree in Pharmacy and be registered with the Singapore Pharmacy Council. You should have relevant experience, preferably in a healthcare environment. Candidates trained in paediatric medicine will be an added advantage.

Interested candidates, please write in/e-mail/fax with a full CV and expected salary to:
